 - a. An owner resident may use the Home for telecommuting or operation of a Home based business, so long as use of the Home is strictly limited to operations as a **Home Office**. The Home cannot be used for customer activity requiring entrance to the community. Any business holding a license at the Home must meet all County/State licensing and insurance requirements as well as necessary fire department inspections.
2. **RESIDENTS AND GUESTS.** Guests are defined as anyone other than an Owner/Resident/Tenant of the home. Tenants are residents and all references to Resident in this document shall be deemed to apply to the tenants of a leased home. Owner/Residents are limited to immediate family members and immediate family members are defined as spouses/domestic partners, children, grandchildren, parents, grandparents or siblings of the Owner/Resident. All others are guests and the following restrictions apply:
 - a. Guests are not permitted to stay in the Home unless occupied by the Owner/Resident, with the following exceptions.
 1. Guests are limited to a 30 day stay in the Home when unoccupied by the Owner/Resident and each Owner/Resident is limited to two (2) such guest stays during any 12 month period.
 2. Any Guest that stays in a Home for a period greater than 30 days, occupied or unoccupied by the Owner/Resident, shall be considered a renter/lessee and all Leasing/Renting rules shall apply. Failure to comply will result in action by the Association to evict the renter/lessee for failure to have an approved and executed lease.
 - b. A request for an exception to Guest rules may be made in writing to the Board of Directors of BIS POA, which may be granted or denied in its sole discretion.
 - c. Residents and guests must carry photo identification with proof of age at all times within any of the common areas of BIS and this ID shall be presented on demand to representatives of the Association. For residents,

the ID must show the address for proof of residency in Boca Isles South. Failure to display identification may result in guests being removed from the property and residents may be required to leave the common facilities until presenting a photo ID.

3. **LEASING/RENTING.** The following provisions govern leasing in the Community:
- a. No homeowner shall lease a home for a period of one (1) year from the date of ownership of title to said home.
 - b. A homeowner shall not receive approval to rent a home unless he is current on all Association assessments. Delinquent homeowners must pay all amounts due before renting a home. Any violations on the home must be corrected before renting the home.
 - c. A homeowner shall not rent a portion of a home; only the entire home may be rented. No home, or portion thereof, shall be sublet.
 - d. All leases, including those which are being renewed with the same tenant, must be submitted to the Board for approval in advance. A homeowner shall submit a lease for approval no less than thirty (30) business days prior to the date of intended occupancy by the tenant. No homeowner shall lease his home until the homeowner receives the written approval of the Association. Lease approval may be denied by the Association for reasons including, but not limited to, the homeowner or prior tenant violating any provision in the governing documents or Association rules or if the proposed lease does not comply with the requirements of these Rules & Regulations governing the leasing of homes. If lease approval is denied, then the rental of the home shall not occur.
 - e. No transient accommodations shall be provided. There shall be no sublease of any home or lease agreement.
 - f. A home may be leased no more than three (3) times during any twelve (12) month period, with each lease term being no less than thirty (30) consecutive days.
 - g. All leases shall be in writing and shall provide that: (a) the right of the tenant to use and occupy the home and the Association property shall be subject and subordinate to the governing documents of the Association and these Rules and Regulations; (b) the Association shall have the right to terminate the lease upon the tenant's failure to comply with any of the provisions of the governing documents or these Rules and Regulations; and (c) the lease term is a minimum of six (6) months. No lease shall provide for an early lease termination or have any other provision that

would reduce the lease term to a period of less than six (6) consecutive months.

- h. All leases utilized by homeowners shall contain the following language, and if any such language does not contain said language, the lease shall not be approved and shall be considered void:

“The landlord appoints the Boca Isles South Property Owners Association Inc. as its irrevocable agent for purposes of eviction pursuant to Florida’s Residential Landlord Tenant

Act. Landlord and Tenant hereby expressly covenant and agree that the Boca Isles South Property Owners Association Inc. shall be entitled to immediately proceed, without notice, to evict Tenant in the event the Association forwards two (2) or more demand letters regarding a violation by said Tenant of the governing documents or these Rules and Regulations, as the same are amended from time to time.

“Tenant expressly covenants and agrees to comply with all terms of the governing documents for Boca Isles South in addition to all rules and regulations adopted by the Association, and Tenant expressly recognizes and agrees that he has been provided with a complete copy of all covenants, conditions, restrictions, and rules and regulations for the Boca Isles South Property Owners Association prior to assuming occupancy of the home. Tenant expressly covenants and agrees that Tenant is aware of all restrictions pertaining to rentals contained within the governing documents for Boca Isles South and the rules and regulations, and has knowledge that this lease is subject to and must be approved in advance by the Board of Directors of the Boca Isles South Property Owners Association Inc. “

- i. Before entering into a lease, a homeowner shall provide the prospective tenant with a complete, legible copy of the Association’s governing documents, including the Declaration, By-laws, and Rules and Regulations (and any amendments thereto). The homeowner shall certify to the Association, in writing, that legible copies of these documents have so been provided to the prospective tenant.
- j. In order to determine that the proposed tenants are familiar with the Association’s governing documents, the Board of Directors, at its option, shall have the right to require a personal orientation meeting with the proposed tenants prior to occupancy of the home by the tenants. The Board of Directors may designate a committee or any individual(s) or the property manager to conduct such a meeting.
- k. The owner of a leased home shall be jointly and severally liable with his or her tenant for compliance with the governing documents and these Rules and Regulations. They shall be jointly and severally liable to the

Association to pay all assessments and/or any open claims for injury or damage to persons or property caused by the acts or omissions of the tenant, his family members and/or guests. If during the lease term the homeowner becomes delinquent in the payment of any assessment, the Association shall have the authority to directly collect the rental payments from the tenant.

- I. Prior to leasing his home, an owner shall submit an application, along with a draft lease, and three checks made payable to the Boca Isles South Property Owners Association, Inc. The first check shall be in the amount of \$250, representing a non-refundable application fee to cover the cost of credit and criminal background checks on the tenants. The second shall be a check for \$1,500, representing a security deposit against any future damage to the common elements. The third check shall be payable in an amount equaling six (6) months worth of association dues. The security deposit and six (6) months advance dues shall be deposited and retained in a separate account from the Association's general operating account. If the homeowner fails to make a monthly POA payment, the money will be taken from the association dues deposit. Upon completion of the lease term, the remainder shall be refunded to the homeowner within thirty (30) days. Owner and lessee acknowledge that per FL 720 statutes, should the owner become delinquent in any monetary obligation to the Association, and upon notice to the tenant by the Association, the Association may demand that the tenant pay to the association the subsequent rental payments and continue to make such payments until all the monetary obligations of the parcel owner related to the parcel have been paid in full to the Association.
- m. After the lease has been approved by the Board and executed by the parties thereto, the owner shall submit a fully-executed copy to the Association.
- n. A home shall only be occupied as a single-family residence, and all occupants must live as a single economic unit. For purposes of this section, the term "family" shall be defined as a single individual and that person's parents, siblings, children, grandparents, and spouse. If the person is not married, then the term "spouse" may also mean a person who is otherwise the equivalent of a spouse who is part of a single economic unit with the tenant. The Association may require tenants to provide proof of their familial relationship.
- o. Notwithstanding anything contained in these Rules and Regulations to the contrary, in order to avoid undue hardship, the Association's Board of Directors may, in its sole discretion, grant a hardship approval to a homeowner not otherwise entitled to approval of a lease, except that: (a) a hardship may not be granted for a lease whose term is less than six

months, and (b) the Association's Board of Directors may require certain conditions to any such approval, which conditions must be complied with or the hardship approval shall be revoked and the transaction unauthorized. A hardship approval is a privilege and not a right.

- p. If the notice herein required is not given or the fully completed application is not submitted by the owner, then at any time after receiving knowledge of the lease, the Association -- at its election and without notice -- may require the lessee to vacate the premises. The owner shall be fined at the rate of \$25/day from the date the lessee moved in and the lessee and the owner shall be denied all clubhouse and gate access privileges until the fine is paid.
 - q. In the event the Association determines that an Owner has failed to comply with any provisions contained herein, the Association shall have the right to pursue all legal remedies against the Owner, including without limitation injunctive relief and/or to remove any occupant. In the event attorney fees are incurred by the Association to enforce compliance with this Section 2, whether against an Owner, tenant or an occupant, the Owner shall be responsible to pay same, whether or not a lawsuit is filed.
4. **OWNERSHIP BY ENTITY.** In the event that other than a natural person is an Owner, that Owner shall, prior to the purchase of the Homesite, designate the person(s) who is/are to be the occupant(s) of the Homesite and register such person(s) with the Association. All provisions of the Declaration and Rules and Regulations promulgated pursuant thereto shall apply to such Owner(s) and designated Occupant(s) as though it/they had title to the Homesite.
5. **GENERAL USE RESTRICTION.** The Properties, Homesites and Homes or any part thereof, shall not be used in any manner contrary to the Declaration, Community Standards, or Rules and Regulations promulgated thereto.
6. **LAWFUL USE.**
- a. No immoral, improper, offensive or unlawful use shall be made of the Properties, Common Area, Homesites or Homes.
 - b. All laws, zoning ordinances and regulations of all governmental entities having jurisdiction thereof shall be observed. Please note, electric fences used to keep pets within a specific area do not eliminate the need to have pets on a leash when outside the home. An electric fence only keeps your pet inside your yard and does not keep another animal or a child or other person from crossing your imaginary fence and being bitten. Without being on a leash you cannot maintain control over your pet.

RIGHTS AND RESPONSIBILITIES

Your Community is the legal owner and operator of all electronic communications resources purchased or leased with Community funds. Overall responsibility and authority for administering the Community's electronic communications resources is the responsibility of the BIS Board of Directors.

The BIS Board of Directors may delegate responsibility for administering certain resources. Other organizations or enterprise units that operate resources that are accessible via your Community's network may have their own policies governing the use of those resources.

ENFORCEMENT OF LAWS AND COMMUNITY POLICIES

All existing laws (Federal) and those of the State of Florida and your Community regulations and policies apply, including not only laws and regulations that are specific to computers and networks, but also those that may apply generally to personal conduct. This may also include laws of other states and countries where material is accessed via Community resources.

Your Community reserves the right to limit or deny access to its electronic communication resources when policies or laws are violated, and to use appropriate means to safeguard its resources, preserve network/system integrity, and ensure continued service delivery at all times. This includes monitoring routing information of communications across its airspace and network services, as well as data residing on your Community resources; scanning systems attached to the Community network for security problems; disconnecting systems that have become a security hazard or negatively impact the performance of the network; restricting the material transported across the network or posted on Community systems; and specifying the plan of action that will be undertaken by users of electronic communication resources to mitigate security risks.

Violations may result in the temporary or permanent loss of access privileges or the modification of those privileges. Violators may be subject to disciplinary action under applicable Community policies or regulations and criminal prosecution under federal, state or local law.

ELECTRONIC COMMUNICATION RESOURCE INTEGRITY

Resources are prohibited on both Community-owned and privately-owned equipment operated on or through the Community's resources. These activities and behaviors include, but are not limited to:

1. Unlawful Activities. Users shall not use electronic communications resources for unlawful activities or activities that violate Community policy, including fraudulent, libelous, slanderous, harassing and threatening communications.
2. Encroaching on Other's Access and Use. Users shall not encroach on other's access and use of the Community's electronic communications resources. This includes, but is not limited to:
 - (a) Mass messaging: Users shall avoid spamming and other inappropriate mass messaging of chain letters to newsgroups, bulletin boards, mailing lists, or individuals. Subscribers to an electronic mailing list will be viewed as having solicited any material delivered by the list so long as the material is consistent with the list's purpose.
 - (b) Unauthorized modification or electronic communications resources.
3. Copyright. Federal copyright law applies to all forms of information including electronic communications. Violations are prohibited under this policy. Infringements of copyright laws include, but are not limited to, making unauthorized copies of any copyright material (e.g., software, text, images, audio and video), and displaying or distributing copyrighted materials over networks without the copyright holder's permission except as provided by fair use. The Community will not tolerate theft of intellectual property in any form.
4. Unauthorized Equipment. Users shall not install or attach any equipment to a BIS electronic communications resource without the explicit approval of the BIS Board of Directors or the contracted services provider.
5. Modification, Damage or Removal. Users shall not modify, damage, or remove electronic communications resources that are owned by the Community or other users without proper authorization.
6. Unauthorized or Destructive Programs. Users shall not use unauthorized programs such as, but not limited to, viruses, back doors, logic bombs, Trojan horses, bacteria, and worms to disrupt other users, access private or restricted portions of the system, identify security vulnerabilities, decrypt secure data or damage the software or hardware components of an electronic communications resource.
7. Information Belonging to Others. Users shall not intentionally seek or provide information on, obtain copies of, or modify data files, programs, or passwords belonging to other users without the permission of those other users.
8. False Identity. Users shall not use the identity of another user without the explicit approval of that user, or mask the identity of an account or machine.

9. Password Protection. A user who has been authorized to use a password-protected account shall not disclose the password or otherwise make the account available to others without authorization.
10. Authorization. Users shall not access electronic communications resources without proper authorization, or intentionally enable others to do so.
11. Personal Use. Community users may use electronic communications for incidental non-private personal purposes, provided that such use does not:
 - (a) Directly or indirectly interfere with noticeable incremental costs.
 - (b) Burden the Community with noticeable incremental costs.
 - (c) Violate the law or Community policy.
12. Commercial Use and Advertisements. Community electronic communications resources shall not be used for commercial purposes, except as permitted under Community policy or the policy of the contracted service provider or with the appropriate approval. This includes soliciting, promoting, selling, marketing, or advertising products or services, or reselling Community resources.
13. Registering Your Community Internet Protocol (IP) address with any other domain name.
