GIRLS LEADING GIRLS

Supergirl Summer Camp is a 501c.3 non-profit whose mission is to empower and inspire the next generations of young girls to dream big as they grow up. Create practical possibilities for future career paths through motivating role models. Teach fundamental life skills, encourage them to embrace their natural leadership skills, and gain self-confidence to handle anything life throws their way.

OUR STORY

... SO FAR

My name is Jennifer Jordan Strain, & I am the founder & director of Supergirl Summer Camp 501c.3. I am a career data analyst, a growing small business owner of Bench Press Betty's Seasonings, and it was my ultimate dream to create a summer camp that would empower and inspire young girls to want to dream big as they grow up.

In 2019, I began looking around West Texas for such a camp for my stepdaughter Hailey, and saw there were very few opportunities out there for girls today. I myself was born and raised in Midland, TX and can recall times where I was motivated by strong women and role models, and taught valuable life skills that have helped shape me to become self-confident and successful in my own life.

I saw an opportunity to pay it forward and give back to my local community by creating Supergirl Summer Camp 501c.3. It is my hope that this camp will grow year after year, with opportunities to expand similar camps across the country. As these next generations of young girls grow up to become successful women, they will one day return as speakers, volunteers, or mothers who send their young girls to experience the value of what this camp has to offer. This camp is my lasting legacy, and I can't wait to see what it's future holds.

THIS WEEK-LONG CAMP WILL BE COMPRISED OF 4 BASIC PRINCIPLES:

Positive INFLUENCE

We will be introducing the girls to highly motivated and influential female guest speakers who are experts in their respective fields. They will share their stories that may resonate with and inspire the girls to desire to pursue similar career paths and possibilities.

Teach LEADERSHIP

By participating in group activities and projects, we will strengthen the girl's self-confidence to leave their comfort zones, rise up to challenges, and embrace their natural leadership styles by helping each other or guiding younger girls.

Stimulate CREATIVITY

We will engage in various large and small group activities, crafts, projects, and games that will encourage conversation skills, accountability, delegation, boost self-confidence, learn strengths/weaknesses, with a healthy level of competitiveness.

Teach LIFE SKILLS

We will promote valuable life skills fundamental to participating in today's world and will prepare them for future success. By the end of the camp, girls will become more self-aware, confident, adept to problem solving, team work, creative thinking, and interpersonal communication
