AYA SHOTGUNS

Every year our editors ask Spanish gunmaker Aguirre y Arranzabal, better known as AyA, "what's new." And every year, it seems, the answer is the same. "Nothing." Many years ago AyA hit upon a very simple, yet profound idea: Why not build beautifully crafted, hand-fitted custom shotguns that retain elegance, balance and classic styling, add in exceptional reliability and quality and offer them at a reasonable price? It took several decades for AyA to move from concept to reality, but as proof of their success they've sold tens of thousands of AyAs in Britain, the hallowed ground of the side-by-side. All AyA models can be ordered exactly to your specifications, and customized as you see fit. For more information contact New England Custom Gun at 603-469-3450 or visit: www.newenglandcustomgun.com.

BOREMASTER

The BoreMaster is a unique product that accurately measures all bores from .410 to 4 gauge, in addition to barrel wall thickness (BWT). All readings are illustrated on its digital display in inches and metric. The BoreMaster can measure all bores, chokes, chamber lengths, chamber dimensions and forcing cone dimensions. Completely portable, it's a great instrument for the gunsmith, auctioneer and gun enthusiast. The Mark II version includes the BWT device, which allows you to measure barrel wall thickness six inches from the muzzle or breech. The BoreMaster method will show pits and erosion below the barrel wall diameter, a dimension not available until now. Contact the Robert Louis Company at 203-270-1400 or 800-979-9156, or visit www.shotguncombogauge.com.

H&H WUMMER WEIGHT SHOOTING VEST

A distinctive match for their exemplary shotguns and rifles, Holland & Holland's new shooting vest is made from the finest cotton and pigskin suede. The handsomely crafted garment is available for right-hand shooters in a variety of chest sizes, ranging from 38 to 58. For more information on the Wummer Weight shooting vest as well as any of their top-quality products, contact the Holland & Holland New York office at 212-752-7755 or email: gunroomny@hollandandholland.com.
