### PIANO MUSIC of the AFRICAN DIASPORA

**Dr. Herbert Johnson** performs & guides us through recently published volumes: **Piano Music of the African Diaspora**. From Oxford University Press, we will explore these new anthology volumes, edited by Dr. William Chapman Nyaho which reveal a fascinating survey of music by African composers, both those living in Africa and those now resident elsewhere in the world. The music, much of which is published for the first time, includes a kaleidoscope of different styles, moods, genres, and colors. Influenced by blues, jazz, and ragtime, Dr. Johnson will demonstrate works built on exotic scales, African folk-tunes, and drumming rhythms. These works represent an important historical gathering of composers of African descent which destined to provide fresh music to the piano repertoire.
