PRESIDENT'S CORNER - -

Hello and I hope everyone is looking forward to our annual July reunion! Planning has been ongoing throughout the winter months and things are coming together.

This year we are featuring Massey-Harris, Massey Ferguson, Ferguson, Ford, and Fordson tractors, garden tractors, and equipment. Fairbanks-Morse and side-shaft engines are the feature engines.

We are hosting the Massey Harris Ferguson Club of Ohio. This is the first time for them to join us and we are happy to host their state show.

It is just a couple of short months before we are back on the Darke County Fairgrounds enjoying the company of friends and fellow enthusiasts in the shade.

Now is crunch time to finish projects that have been sitting in the shop all winter. On the other hand, if you are like me, you have projects that haven't been started yet!

Hope to see everyone in July!

VENDOR & CONCESSIONS UPDATE from Anissa Krueger

These last few months seem to have flown by! July will be here before we know it and everyone has been hard at work with the plans for our upcoming show.

New vendors are making contact every week and we've received contracts for several already. There really will be something for everyone. With home décor and wood working items, tumblers and t-shirts, tractors and toys, direct sales consultants, salsa, and other jarred goods, and of course, the best flea market finds around, you're bound to see something you just have to have!

Be sure to visit inside the Coliseum. This will be our 4th year to offer this indoor option to vendors and it'll be the fullest year yet. To help keep everyone safe, we've decided to only allow walking in this enclosed area. Golf carts will still be able to drive up the ramp but will need to be parked in the designated area once at the top.

Our food concessions are growing too! New items to look forward to will be Philly cheesesteaks, Italian sausages, shaved ice, and iced tea, just to name a few. With the returning longtime, local favorites, there's no chance anyone leaves hungry. Seating will be added around the grounds to help you better enjoy all the delicious offerings too!

A separate Facebook event has been created for the flea market and craft side of our show, "Flea Market and Craft Show at Greenville Farm Power of the Past". I encourage all who are on Facebook to mark going, share, and stay tuned for all the vendor and concession spotlights to come!

I have enjoyed getting to know all the vendors from our previous shows, who continue to give their support, and meeting the new ones who are eager to attend our show. I want to thank everyone for all the encouragement and advice as I step further in this new role. I can't wait to see everyone in July and share all the new, and familiar, things we have to offer!

Most of these events will be in our usual display and flea market areas. Please respect these groups' activities and avoid moving exhibits or taping off display areas that weekend. We get possession of the fairgrounds the morning of Monday, July 4 and there will be plenty of time to get everything ready. Thank you in advance for your help!
