- ✓ Exhibitor and Visitor safety is important to us.
- ✓ Although the hospital is across the street and we have rescue squad on the grounds, we really don't want to need them during the show!
- ✓ Gates 1 and 2 are fairly restricted for motor vehicles during the show because they are immediately adjacent to the display area. Please note their specific uses in the box below.
- ✓ Although Gate 2 has handicap parking, we would like for anyone with a golf cart and trailer to park at Gate 5 or 6 if possible.
- ✓ We will have shuttle service from Gates 5 and 6 to the display area.
- ✓ Gate 2 can be a challenge for trucks and trailers unloading prior to the show.
- ✓ Google map locations are fairly approximate readings
- ✓ Gates 5 & 6 should be used by all trucks with trailer, campers, all motor homes, horse trailers, as well as anyone hauling a golf cart, etc.
