

Meet the Board of Directors

AMR[™]
Strategic
Coalition

*United States Partnerships
to Combat AMR*

Jomana Musmar, PhD, MS

CO-FOUNDER &
CHIEF EXECUTIVE OFFICER

- Global health policy leader with 15+ years of experience driving national and international strategies to tackle infectious diseases, AMR, and One Health challenges
- Former longtime Executive Director of PACCARB, where she brought together 600+ experts to shape impactful U.S. and global health policies for AMR
- Former Deputy Director at US HHS, where she led national strategies on vaccines, HIV/AIDS, and emergency response efforts, including the COVID-19 pandemic
- Respected advisor, lecturer, and published thought leader, blending deep technical expertise with diplomacy to make complex issues clear and actionable

Cody Fisher, PhD

CO-FOUNDER &
CHIEF STRATEGY OFFICER

- Strong background in infectious disease, immunology, and science policy, combining scientific expertise and strategic leadership to advance coordinated action against AMR across the One Health spectrum
- Formerly at US HHS, supporting the Federal Task Force for Combating Antibiotic-Resistant Bacteria, which shapes, implements, and reports on the US National Action Plan for AMR
- Extensive experience working across government, academia, and philanthropy, driving collaborations that turn policy ideas into real-world impact
- Ph.D. in Biomedical Sciences from the Mayo Clinic, where he investigated innovative diagnostics and therapies for bacterial biofilm infections

Julie Liao, PhD

DIRECTOR
OF POLICY
AND RESEARCH

- Deep expertise in science policy, infectious diseases, and strategic convening, bridging research and policy to spark meaningful change and advance action on global health challenges like AMR
- Former Director of the Forum on Microbial Threats at The National Academies, where she led interdisciplinary dialogues that shaped national research priorities and informed federal and philanthropic strategies on infectious diseases
- Leadership has advanced understanding of critical issues like AMR, catalyzing collaboration across government, academia, industry, and philanthropy
- Previous biotechnology industry experience, leading projects on vaccine development and AMR research

Ana Ayala, JD, LL.M

CHIEF OF
INTERNATIONAL
AND LEGAL AFFAIRS

- Global health lawyer and policy expert with 15+ years of experience advancing health system resilience and equity across the U.S. and worldwide
- Founder and Principal of Global Health Law Strategies, a consultancy dedicated to strengthening legal and policy foundations for effective, equitable health systems
- Former Senior Advisor and Team Lead for Global Health Security and Readiness at the U.S. Department of Health and Human Services, where she helped establish the Global Health Security Agenda (GHSA) Legal Preparedness Action Package
- Has led partnerships with WHO, FAO, WOAHA, PAHO, Africa CDC, the European Commission, and others to enhance pandemic readiness and legal preparedness
- Senior Scholar at Georgetown University's O'Neill Institute for National and Global Health Law and Adjunct Professor at the University of San Francisco, teaching Health Policy and Ethics

Zannah Francis, PhD

LEAD
COORDINATOR
AND RESEARCHER

- Strong expertise in microbiology, infectious disease, science policy, and research, bridging scientific insight with strategic coordination
- Former Health Policy & Research Fellow at the US HHS Office of Infectious Disease and HIV/AIDS Policy, where she supported the PACCARB
- Contributed to federal AMR policy development and helping shape recommendations to the HHS Secretary on national priorities
- Ph.D. in Microbiology & Immunology from the University of Rochester School of Medicine and Dentistry, where she conducted cutting-edge research on bacterial pathogenesis
