2. Reserve

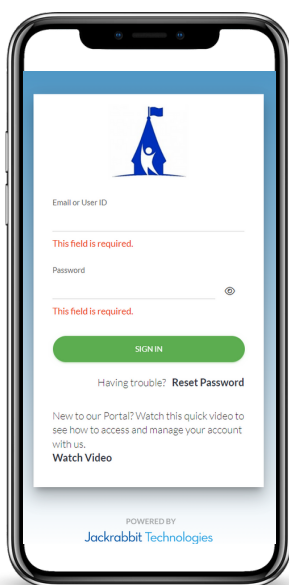

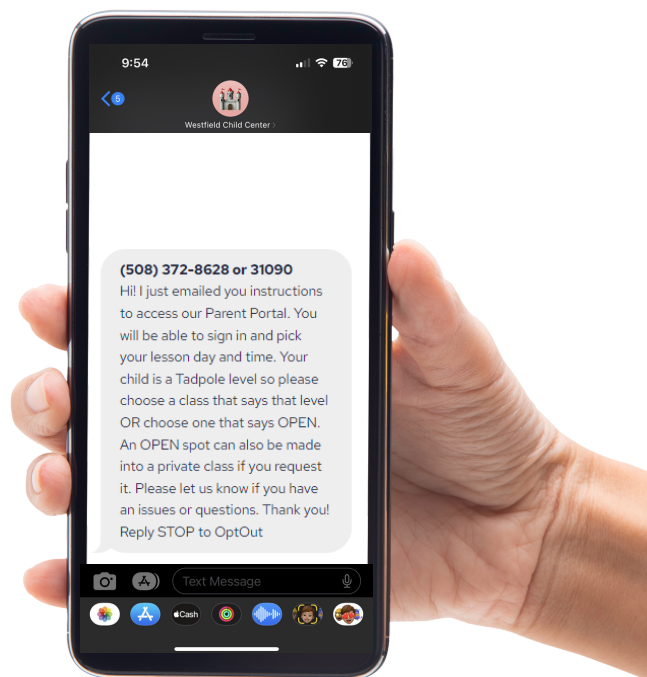

Once you click "Reserve My Spot", it will bring you to a form to complete as shown to the left. This will put you in line to be contacted for scheduling. All spots are first come, first serve so the higher you are on the list, the better selection of slots you will have.

It will probably take 5-7 days to hear back from us, as many other families are also completing the form at the same time and we give everyone plenty of time to pick schedules.

4. Await our Text

Once we text you, you will be able to register for classes on Jackrabbit.

Although you can log into Jackrabbit ahead of time, you will not be able to register until we text you. If it is your first time, you will receive an email along with this text to set up your Parent Portal Account.

5. Jackrabbit

Once you get the text and email directions to log into your account, you will be able to pick your classes.

For group lessons, pick a class that EITHER says your LEVEL or "OPEN". An open spot can be made into any age or level. "OPEN" slots are the only slots that can be made into private lessons.

IN-HOUSE FAMILIES

Families who attend for childcare get priority scheduling by signing up on Brightwheel.
