MGI Online Students have the last word:

I have had inklings of wisdom all along, but MGI is condensed and structured with the stories so that it is really impactful. Hearing about the principle of “Thought” is amazing. That has an impact every day, all day.

We all should be able to find a purpose in life. MGI Online classes helped me understand myself and my surroundings. It made me a better, but not perfect person. MGI helped me cope with changes in life, as well as help me help others. I am so glad to be a part of this and always will be.

Three years later we asked how *MGI* impacts life ...

MGI principles are universal and definitely ingrained in how I live my life. The fundamental spirit of what we were learning with MGI is both awareness of self and compassion for others.
