Venue

[Ruhoots Homestay](#)

Nestled in the tranquil mountains of Himalaya, Ruhoots Homestay offers a serene and beautiful environment for self-discovery. Surrounded by nature, this retreat venue is perfect for introspection and meditation.

Why this Retreat?

“Don ’t you also want to go away sometimes to be quiet and take stock of things and not merely become a repetitive machine, a talker, explainer and expounder? Don ’t you want to do that some time, don ’t you want to be quiet, don ’t you want to know more of yourself? All the same, it is good to retreat to be quiet and to take stock of everything that you have done.

And I think it is essential sometimes to go to retreat, to stop everything that you have been doing, to stop your beliefs and experiences completely, and look at them anew, not keep on repeating like machines whether you believe or do not believe. You would then let in fresh air into your minds. Wouldn't you?”

- J Krishnmurti

What is Dialogue?

“A dialogue is very important. It is a form of communication in which question and answer continue till a question is left without an answer. Thus the question is suspended between the two persons involved in this answer and question. It is like a bud with untouched blossoms . . . If the question is left totally untouched by thought, it then has its own answer because the questioner and answerer, as persons, have disappeared. This is a form of dialogue in which investigation reaches a certain point of intensity and depth, which then has a quality that thought can never reach.”
