New Transition

Post21 would like to introduce our new placement student.

My name is Nat, I am a Social Service Worker (SSW) placement student. I am an aspiring musical artist/activist, with hopes to write a book one day.

The Post21 day program is great for understanding and working directly with students with various skills and abilities. It has provided a kind, loving environment for me to learn more about service work. As well as apply what I have learned thus far.

Open House

On behalf of the Participants, Staff and Board of Post21, we would like to say thank you for the interest you have all shown in the Post21 Day Program. We have had a big year at our Etobicoke location and can not wait to show you. We are also excited to inform you about our new expansion in Scarborough, coming soon.

Our World

This month, the participants learned about England and Netherlands. They enjoyed making Homemade Jammie Dodgers (England) and Stroopwafels (Netherlands). The participants also had a blast making windmills.

Did you know?

- Netherlands has the tallest people in the world.
- French was the official language of England for over 300 years.
