## ABOUT US

Snuggies Toilet Paper is a Level 1 BBBEE Female-Youth Owned toilet paper manufacturer, distributor and wholesaler business that is based in Rustenburg and Johannesburg to cater to local and SADC customers.

- ✓ We are a manufacturing company that deals with the production of tissue papers for bathroom use but will also produce paper napkins, face tissues, paper towels, wrapping and specialty tissues as well to be able to cater to our home consumers as well as commercial customers such as hospitals, schools, hotels, mines, and other such customers in the foreseeable future.
- ✓ Having effectively studied this market, we are confident that our laid down strategies will enable us to be able to compete favourably with other tissue manufacturing companies in the area and even around.
- ✓ Asides, households, business places and commercial businesses must constantly stock their toilets with tissue papers and paper towels, and so this means that the demand of toilet papers cannot plummet even during a recession especially as there are no close alternatives in the market for consumers to switch to. In order to have repeat customers, we intend to ensure our toilet papers are of a high quality at competitive prices and deliver on time, every time.
- ✓ Knowing our important the human resources are to any business; we intend to get the best by not only hiring those who would be the best fit for the various roles but also those who we know will be able to project our visions positively internally and externally. We also intend to invest massively in the welfare of our employees so that their productivity rate results in a healthy bottom line for the company.
- ✓ Our location will be easily accessible not only for our employees but also for our distributors and suppliers as well. This is to ensure that production and distribution goes on efficiently. Also, we intend to ensure our facilities are very conducive so that employees do not have issues carrying out their tasks effectively.
- ✓ Snuggies Toilet Paper intends to set the pace for how tissue paper manufacturing companies should be run. This will achieve by constantly upgrading our machinery
