Dog Adoption Fee: \$100

Cat Adoption Fee: \$50

Barn Cat Adoption Fee: FREE

This helps to spay/neuter, vaccinate, provide preventative medication, medical tests/care, and to feed/shelter animals during their time at the Tucker County Animal Shelter, prior to adoption.

This still does not cover associated costs. We do our best to keep our fees as low as possible.

Before You Apply: Please bear in mind that adopting an animal is an extremely **SERIOUS COMMITMENT**. Animals may take several weeks to months to settle into their new home environment. They cost money and require copious amounts of attention and love. Please consider your decision before you adopt. Unfortunately, way too many animals are adopted and returned simply because folks did not think the adoption through enough. We implore you to consider your decision and research what kind of animal is best for you and consider participation in a training course so the adoption is a positive and lasting one for you and the animal you adopt.
