Re : Rescheduling of the 2026 General Assembly

Please be informed that the General Assembly scheduled on February 21, 2026, is hereby rescheduled due to the ongoing turnover and transition period of the newly elected Board of Directors, as well as the fact that the audit of the Association's Financial Statements is still ongoing.

In the interest of transparency, accuracy, and proper reporting to the general membership, the Board of Directors has deemed it necessary to defer the conduct of the General Assembly until all essential matters particularly the completion of the audited financial statements is finalized.

The General Assembly is tentatively rescheduled for March 2026. The exact date shall be announced in a separate notice once finalized.

We respectfully seek your understanding and cooperation as the Association completes the necessary transition and compliance requirements to ensure a meaningful and orderly General Assembly.

For your information and guidance.

Guillermo A. Ocampo Jr
