# FLORIDA ELECTION INTEGRITY UPDATE

SEPTEMBER 2022

Presented by:

Lake County Election Integrity and Voter Protection Coalition.

Concerned citizens protecting our right to vote in a free and fair election.

### WHO IS VOTING IN FLORIDA?

- "Address of legal residence" means the legal residential address of the elector and includes all information necessary to differentiate one residence from another, including, but not limited to, a distinguishing apartment, suite, lot, room, or dormitory room number or other identifier.
- Several Supervisors of Elections have stated they don't verify anyone's registration address; they "just take their word for it." It could be a Walmart, a post office box or a vacant lot.
- Supervisors of Elections (SOE):
  - Allow voters to make up addresses
  - Are not following statutory requirements to maintain voter rolls
  - They are not protecting our elections system

## WHY WORRY ABOUT ADDRESSES?

- If an active voter moves out of state, they should be removed from the rolls immediately. If not, the new resident could receive and vote in previous resident's name!
- If your credit card company mailed your NEW card to an OLD address, would you worry?
- Unethical people can make up voter registrations get paid for them and the SOE "just takes their word for it."

### A LIBRARY CARD is harder to get!

### 2020 in Hindsight

- Bad Addresses
  - Missing Apt #s
  - Bad Zips
- Thousands of addresses flipped months before 2020 & this 2022 primary
  - 1. Moved Out of State
  - 2. Fake Addresses
  - 3. International Addresses

## CANVASSER STORIES

We canvassed a family with six registered voters. According to the SOE database, the previous owner voted by mail in the 2020 election! The current family of 5 purchased the home in 2016. The owner told us they all stood in line for hours to vote. We told her that the SOE database indicated both she and her husband did not vote. "We stood in line for hours and our vote didn't count?" Needless to say, she was not a happy camper! - by Sue

After viewing her voting history in The People's Audit, a woman was shocked to see her vote from 2012 listed as Vote by Mail when she has never voted by mail in her life. She was also listed as voting in the 2020 primary when she knows she has never voted in a primary election. Has the manipulation of our votes has been going on for much longer than we thought? - by Diane

One of our volunteers went to the SOE office to verify their registration and found that his record on file was incorrect; his middle name was incorrect, his date of birth was incorrect and the signature on file was not his own. Yet, he was able to cast a vote at the polls on election day—not a provisional ballot--despite his information and signature not matching the SOE records. - Don

## WHAT NEEDS TO BE DONE?

The Secretary of State and ALL SOEs need to follow the law and conduct their due diligence –

- 1. ONLY US CITIZENS WHO ARE LEGAL FLORIDA RESIDENTS cast votes in Florida elections. <u>Article VI, Florida Constitution</u>. Voters rolls must be strictly maintained.
- 2. RETURN TO PAPER BALLOTS! Why do we have machines if most voters don't want them?
- 3. PROTECT OUR ELDERLY VOTES! Facilities must be open to bipartisan participation and assistance for our most vulnerable citizens.
- 4. GET RID OF ERIC!

- Less than a month before the 2020 General Election deadline for voter registration, more than 2 million postcards were sent to residents that ERIC believed were unregistered but potentially eligible voters.
- This is required as part of the State of Florida's decision to join ERIC.
- In 2019, Florida became the 29th state to join ERIC, which cross-checks voter registration databases of its member states to help identify outdated records, deceased voters or voters who may be registered in multiple states.

## Florida to send 2.2 million postcards to unregistered voters

The postcards are required as part of the state's agreement to participate in the Electronic Registration Information Center, or ERIC.
