

HELP FIGHT TO PROTECT OUR CHILDREN AND GRANDCHILDREN AGAINST HUMAN TRAFFICKING

Ladies-

Here are two tasks you can do to help fight to protect our children and grandchildren against human Trafficking:

#1 - BE PREPARED (remember the scout motto 😊) to be one of many on watch to help protect our children and youth.

*** Please remember to put in your cell phone:**

A - National Human Trafficking Hotline Phone # 1-888-373-7888 and the Text # 233733 with the msg: Be Free under "Notes". (1st attachment below)

*** 24/7, a confidential call - Responding to a response from Law Enforcement: If and when you report what you perceive as a human trafficking victim and/or a human trafficking handler, please give a location, a physical description(s), and a license plate # (and if out-of-state license- which state) if you can observe these very discreetly. A "red flag" you may notice: A victim may give a look downward with eyes furtively going side to side, carefully indicating or checking who (a handler) may be nearby watching them.**

*** General safety rule: **Never approach** either a victim or a handler - this could put you and/or them in danger.**

#2 - When you attended the movie, "Sound of Freedom," we hope you received a hand-out on the way out of the theater with the four pending bills for Congress to vote on to help fight Human Trafficking - three in the House and one in the Senate. If not, it is on our national website: nfrw.org (also the 3rd attachment below).

Next, please turn over your hand-out (1st attachment below), you will see a "worksheet" (2nd attachment below) with our Congressional Representative Dan Webster's and Senators Marco Rubio's and Rick Scott's name and office phone number.

A. PLEASE CALL THEM AND LET THEM KNOW YOU WANT THEM TO VOTE FOR THESE BILLS AS SOON AS POSSIBLE BECAUSE IT'S THE RIGHT AND MORAL THING TO DO TO HELP PROTECT OUR CHILDREN, AND YOU ARE MONITORING IT FOR THEIR VOTE. ALSO NOTE TO THEM YOUR NAME AND CITY LOCATION SO THEY KNOW YOU ARE THEIR CONSTITUENT. Then note the date of your call under each of their names.

B. In about 60 days, place the same call and note the date of your call under each of their names. Repeat this process until the vote is taken-- it may take a long time as push-back and foot-dragging is expected on what should be "JUST DOING THE RIGHT THING"! You will receive an update as to the status of these bills, so you will be able to mention them being reviewed in a committee, pending a committee vote, or a floor vote. **THIS IS SERIOUS - IT'S OUR KIDS.**

C. PLEASE INCLUDE A CALL TO PRESIDENT BIDEN, noting the dates each time as well.

There will be more information about this threat that has invaded our homes via the internet on-line where no child is safe beyond the reach of the human trafficking evil-- but there are SOME safeguards how parents may instruct their child to self-protect. Human trafficking awareness and training will be our speaker's topic at our October 12th meeting- please put it on your calendar.

Thank you for helping protect our children by being alert to be the eyes that could help save someone's child. **Please SHARE this information because it could reach someone who could save your own child or grandchild in the future.**
