

Is the Market Going to Spring into Action?

Ukraine Relief Fund

Our Legacy is a Ukrainian organization that started out of a local church in the Cherkasy region. While their main objective is to develop discipleship movements within their community and communities around Ukraine, they are also active in serving their local communities in practical ways, including various refugee services. Since the conflict began a week ago, they have been actively providing housing, aid, transportation, medical supplies and training, and other necessities to refugees fleeing war-torn areas. All donations will go towards helping Our Legacy keep providing for the needs of their neighbors during this time of great duress.

WAYS TO GIVE:

Online: <https://ourlegacyus.org/donate/>

PayPal: Send to "Friends and Family" at ourlegacyus@gmail.com

Zelle: Vadym Kulynchenko, 2145516474

Check: PO Box 874, Owatonna, MN 55060, payable to Our Legacy.

Make sure to put EMERGENCY FUND in the note section.

TIPS AND TRICKS

FOR BRIGHTENING YOUR HOME THIS SEASON

- Use light colored textiles – Bright sheets, towels, and dish cloths can make a space feel brighter and open.
- Rearrange your furniture. – Moving things to a new place is an opportunity – to clean that space – as well as getting a refreshed feel.
- Replace your air filters Though no one ever talks about this I truly wonder who does it anyway. When those air filters get full the dust layers on top of furniture much more quickly. You'll notice your house smelling, and feeling. better if you replace air filters routinely.

FEBRUARY 2022 | ISSUE NO.3

How is the market looking?

Market researchers and analysts are anticipating a rise interest rates in the next few weeks. Will they be here for good? Is now the time to sell? Supply is still short and demand is still climbing.
