

SUMMER // 2026

## TACTICAL COVER

**Customize the carry of mission essential equipment** with the Tactical Shield Cover:

*Body Cam | Light | Magazine | Holster | Smoke | Flashbang | Med Kit | FLEX-Cuffs | etc.*

**Avoid critical** delays by taking advantage of the PALS webbing to take your tools of the trade with you.

**Protect the Viewport** with our Velcro cover patches that serve a dual purpose. They protect the viewport when the shield is not in use and are embroidered for identification.

**Manage wires**, either through the PALS webbing or under the cover so they are never an unintended hazard,

## SPECS

**MODEL:** MAC  
**SIZES:** 20x30 | 20x34 | 20x40 | 24x36 | 22x48  
**WEIGHT:** 1.5 lbs (20x30)  
**OPTIONS:** Embroidery: "POLICE" | "SHERIFF" | Custom  
Double Cutout (DCO) or Rectangle (R)

## HANDLES

Choose Your Preferred Carry Method

Our handles are positioned to give the shield perfect balance. The shield wants to stay vertical when held, which is critical. It doesn't lean either into or away from the operator. Handles are positioned so the optional Viewport is always in a tactical ready position at the carry, without a need to manipulate the shield position first. This reduces fatigue and keeps you in the fight longer.

Our standard issue **"Horizontal" Handle** measures 11" across, allowing for either a single hand or dual hand carry.

Maximize your protection with our **"Tri Grip" Handle**. It offers ambidextrous grip options and keeps the shield in the vertical position no matter your carry style. Also, the ability to change grip positions between the horizontal and angled reduces muscle fatigue.

## HANDLE SPECS

### HORIZONTAL (Standard)

**SIZE:** 11" wide

**MATERIAL:** Anodized Aluminum / Rubber grip

### Angled "Tri Grip" (Optional)

**SIZE:**

**MATERIAL:** Anodized Aluminum / Rubber Grips / End Caps

**Note:** Angled Handle adds .75 lbs

## LIGHTS

### Adaptive. Reliable. Innovative.

Marrero Armor® offers lighting solutions to meet your tactical needs. Avoid critical delays and have the peace of mind knowing the tools of the trade you need are with you.

Mount the lighting solution where **YOU** think it makes the most tactical sense. Whether on the left, right, or middle, mount directly to the shield or on the patent pending Shield Accessory Mount (SAM) picatinny rail.

All our lights can be integrated onto any of our shields. When a light system is mounted with a Tactical Cover:

- Wires are concealed and managed;
- Location of light is operator determined (Left, Middle, Right);
- Light operation switch is integrated onto the Handle; and,
- A custom pouch houses the battery pack.

#### FoxFury® Lighting Solution

Integrate a FoxFury® B30 1000 lumen light with either our Tactical Shield Cover or the SAM picatinny rail.

FoxFury® lights use premium materials and are engineered to thrive in worst case scenarios, including all weather and under water conditions.

Modes of operation: Momentary, High, Low, TURBO-STROBE™:

#### TACMOUNT Lighting Solutions - Illuminate. Protect. Prevail.

Integrate either a CUBE light at 1500 lumens or the VECTOR light with 2800 lumens with either our Tactical Shield Cover or the SAM picatinny rail.

Built by LE, for LE! TACMOUNT optics are optimized for ballistic shields.

Modes of operation: Single Mode, Momentary pressure

#### FoxFury® B30 Light

**MODEL:** 480-331  
**P/N:** FFTB30  
**LUMENS:** 1000  
**4 x CR123A Battery**

#### TacMount Solutions VECTOR

**MODEL:** xxxx  
**P/N:** xxxx  
**LUMENS:** 2800  
**Candela:** 72,000  
**Rechargeable**

#### TacMount Solutions CUBE

**MODEL:** xxxxx  
**P/N:** xxxxx  
**LUMENS:** 1500  
**Candela:** 24,100  
**Rechargeable**

## SHIELD ACCESSORY MOUNT (SAM)

**Mount accessories where YOU want them!**

Our patent pending **Marrero Armor Shield Accessory Mount (SAM)** delivers rapid, mission driven customization for ballistic shields. Featuring a proprietary 16" Picatinny Shield Rail with quick-release cam-lock mounts, the SAM allows secure, flexible placement of critical accessories.

**Optional Adjustable Light Attachment Features:** Enables off center light placement opposite the firing hand to minimize exposure to the operator's vital areas and supporting personnel.

Additionally, the SAM enables front of shield body camera mounting, preventing obstruction of the cameras field of view and ensuring clear documentation of critical incidents.

# TACTICAL PLATE CARRIER

2 or 4 Plates - You Decide

MARRERO  
ARMOR®

## As your mission changes - so should your gear

Our plate carrier system comes standard with a removeable cummerbund.

Don't need side plates and want to lighten the load? Simply remove the cummerbund and you have a lightweight 2-plate tactical solution for your gear.

Keep the cummerbund for up-armor situations or additional side mounting options.

### PLATE CARRIER SPECS

**MODEL:** MA-TC

**P/N:** TPC

**Size:** 32" - 54" waist size  
Adjustable shoulder

**Plate capacity:** Four (4)  
2 - front/back, up to 10.25" x 13.25" (SAPI Lg)  
2 - side plates, up to 6"x 8"

**Available in:** Black, Ranger Green, Coyote Tan

### FEATURES

- PALS webbing for modular attachments
- Removeable cummerbund with pockets for side plates
- Easy access plate pockets
- Heavy duty quick release buckles
- Emergency drag handle
- Adjustable padded shoulder straps with PALS guides
- Comm wire routing loops
- Breathable padded mesh liner
