

Introducing...

## Equiney Horse XL World's #1 Horse Supplement

Equiney Horse XL is a 100% all natural formula specifically designed to enhance the life of your horse. For the maintenance of optimal muscle health and joint function. Maintains strength and supports healthy muscles and performance in exercising horses. Promotes collagen formation for healthier coat and bones.

Equiney Horse XL patented formula customizes itself to your horse's needs by adding 1 to 2 scoops mixed with your horse's food on a daily basis. Equiney Horse XL is made up of essential amino acids and contains no filler, artificial flavoring, coloring, preservatives, sucrose, starch, gluten, dairy or yeast and helps your horse at a cellular level. Equiney Horse XL is also non genetically modified, created out of love and medical science for animals to increase their longevity, performance and quality of life.

Each canister of Equiney Horse XL provides a 3 month supply of formula for each horse when taken as directed.  
Equiney is a proprietary blend and intentionally patented.

\$1 per day

## Strength Speed Stamina Safe

FEI Compliant: Permitted Substances of Interests. The FEI Rules and Regulations permit the use of substances such as:

B-Vitamins, Amino Acids and Electrolytes. These have always been allowed orally and in many cases this is still the preferred route of administration. However, in some cases, a veterinarian may prefer to administer them intravenously or intramuscularly. See the link to the FEI site here: [www.fei.org/fei/horse-health-and-welfare/doping-controlled-medication](http://www.fei.org/fei/horse-health-and-welfare/doping-controlled-medication)
