

Introducing...

## Equiney Horse XL World's #1 Horse Supplement

Equiney Horse XL is a 100% all natural formula specifically designed to enhance the life of your horse. For the maintenance of optimal muscle health and joint function. Maintains strength and supports healthy muscles and performance in exercising horses. Promotes collagen formation for healthier coat and bones.

Equiney Horse XL patented formula customizes itself to your horse's needs by adding 1 to 2 scoops mixed with your horse's food on a daily basis. Equiney Horse XL is made up of essential amino acids and contains no fillers, artificial flavoring, coloring, preservatives, saccharose, starch, gluten, dairy or yeast and helps your horse at a cellular level. Equiney Horse XL is also non genetically modified, created out of love and medical science for animals to increase their longevity, performance and quality of life.

Each canister of Equiney Horse XL provides a 3 month supply of formula for each horse when taken as directed.

Equiney is a proprietary blend and intentionally patented.
