# NRA Defensive Pistol Qualification Course

## Introduction

This qualification course will allow students to demonstrate the 'key' skills learned during the NRA Defensive Pistol training course.

The targets used for this course of fire will include the full size versions of the following targets:

FBI Q; or

NRA D-1.

All shots must be within the scoring line of the bottle, or within the scoring rings of the D-1.

FBI Q

NRA D-1

All shooting is performed from a strong side hip holster, from concealment. All reloads are performed as speed reloads.

Phase I: Shooting drills from concealment:

| Distance     | Shots | Time     | Relays | Total |
|--------------|-------|----------|--------|-------|
| 3 yard line  | 2     | 4.0 sec  | X 1    | 2     |
| 5 yard line  | 3     | 4.5 sec  | X 1    | 3     |
| 7 yard line  | 3     | 5.0 sec  | X 1    | 3     |
| 10 yard line | 5     | 12.0 sec | X 2    | 10    |

Phase II: Speed reload drills:

Set up guns as appropriate, as indicated by shots column. Revolvers should be set up to fire on the first pull of the trigger.

| Distance    | Shots | Time                                   | Relays | Total |
|-------------|-------|--|--------|-------|
