

76 – 78 Upper Ground

PROJECT SCOPE: SOFT STRIP, ENABLING WORKS, SUB & SUPERSTRUCTURE WORKS

Keltbray are contracted to carry out the soft strip, structural demolition, enabling works and sub and superstructures for the project.

Due to the buildings listed status, a large amount of existing granite cladding panels had to be carefully salvaged for reinstalling onto the future slab extensions.

CIRCULAR STEEL ACHIEVED:

- 31.4t of steel harvested from 2AS was used on this project

CIRCULAR ECONOMY ACHIEVED:

- 62 listed façade panels
- 20 listed core façade panels where retained
- 27,360 raised access floor tiles
- 95 tonnes of paving blocks and
- 71 tonnes of bricks were salvaged
