Today's Meeting: President Don Helmreich opened our meeting at 6:45. Lindsey Wulff led us in the Pledge of Allegiance. Doug Oncken replaced the old steps and built a new ramp to the back door and it really looks nice. Kayde says, 'See what happens when I complain.' Thank you, Doug. Jack went over the schedule for Columbia College and we still have a pretty light Summer schedule. It looks like there will be a lot of changes at Columbia College next year. They are dropping in the NAIA, from a division 1 to a division 3 program. The main difference in changing divisions, is a reduction in scholarships. This will affect the caliber of recruits at CC and will probably result in them being less competitive. The volleyball coach has already left the college. We will have to wait and see what happens. We have already lost the Norm Stewart 48 Hours of Basketball, as this event is moving to MU. We had a Speak Your Mind program at Hickman High School last Tuesday evening. Only 9-10 students attended the event. This was a very disappointing turnout and we question the viability of a program that used to be something that Hickman High School could be proud of. Doug Oncken led us in the Optimist Creed to close the meeting.

Today's Program: We had no program this morning but we did have the Harrisburg High School Baseball team join us for breakfast. Their assistance at our Harrisburg Pancake Day was very valuable and we thanked them by presenting them with a check for \$1000.
