Your 5-Step Guide to Selling Your Home

Selling your home doesn't have to be stressful. We'll help you through every step so you feel confident and in control. Here's a quick look at how we'll get your home sold — the right way.

Step 1: Let's Talk First

We start with a no-pressure conversation to understand your goals and timeline. Then we look at your home and create a game plan that fits today's market.

Step 2: Price It Right

Using up-to-date market info, we help you set a price that attracts buyers and protects your bottom line. No guessing — just strategy.

Step 3: Prep to Impress

We give you tips to get your home looking its best without breaking the bank. Think cleaning, simple fixes, and pro photos to make it shine online.

Step 4: Market with Strategy

We list your home on the MLS and major sites, run social media promos, and coordinate showings. You'll stay informed while we do the heavy lifting.

Step 5: Offers, Negotiation & Closing

We review every offer with you, negotiate the best terms, and handle all paperwork and deadlines — right through closing day.
