This course will enhance your K9's abilities and skills to work in tactical environments around search teams. We will advance each team as we expose them to some new and unusual training environments.

Our team of trainers will help each team gain confidence and coordination in tactical incidents.

The opportunity to bring members from your agency to train with you is an invaluable experience.

Jimmie Davenport is the lead instructor and retired from Austin Police Department. He has a wealth of time and deployment experience with SWAT as a K9 operator.

**Training facility is located at
526 10th Street, Modesto, CA**

**Start time is 0800 on Monday,
April 13, 2020**

**If you have any questions,
please contact the office at
