

# SIMPLIFI YOUR POWER WITH THE **LITTLE GENNY** BATTERY POWERED GENERATOR

A Truly Portable, Solar, Hand-Carried AC Power Supply For

- Disaster Relief
- Medical Support
- Communications
- Military/Expeditionary

...or any application where immediate access to AC power is critical

## The LG 400 Little Genny Battery Powered AC Power Pack

- **The 'Little Genny' Power Packs** provide immediate AC power for medical equipment, defibrillators, forensic lasers, search lights, satellite uplinks, video cameras, laptops, and rechargeable devices such as walkie-talkies, cell phones, GPS, power tools, and other hand-held devices
- **Rugged, dependable with (2) 115 VAC outlets for emergency field operations.** Lightweight (less than 20 lbs), silent, and durable. Power up in extreme environments, from sub-freezing to hot desert climates with no loss of storage capacity
- **Rechargeable with the LibertyPak featherweight folding solar panel** for continuous charging during operation. Conventional charger also included
- **Non-toxic, non combustibile, safest and most ecologically-neutral battery storage** technology available today. Non-hazardous—no fumes, off-gassing, maintenance or special handling
- **LKG1 complete kit** contains the "Little Genny™" AC pack, charger, folding solar panel in a weatherproof rolling case
- **Special pricing** for non profits, NGOs and emergency workers

**Little Genny™**

**LibertyPak™**  
Green Power

Little Genny™ LG400F	
Voltage Output*	115 Volts AC / 24 Volts DC
Capacity	307 Watt hours
Peak Output	600 Watts
Connectors	(1) 3 pin XLR (1-, 2+) (2) 115 Volt VAC sockets
Memory Effect	None, recharge anytime
Operating Temp	-4° to 140°F (20° to 60°C)
Charge Retention	<1% loss per month
Charge Cycles	2,500 to 5,000+
Standard Charge Time	3 hours with LCO4 standard charger
Fast Charge Time	1.25 hours with Fast Charger
Solar Input	24 to 36 VDC up to 45A
Warranty	5 years on battery system

\* Also available in 12 Volt DC

**DIMENSIONS:** 14.2 x 11.4 x 6.5 inches (0.6 cu ft)      **WEIGHT:** 19 lbs (8.6 kg)

- Meets transport safety weight requirements: Less than 35 kg including packaging
- UN 3481, Lithium Ion battery contained in equipment, 9, II
- UL and CE listed, UN/DOT and RoHS compliant components
- Designed and built in California, USA

**Power Unplugged. Anytime. Anywhere.™**
