

Three Factors that Get Your Home Sold

1. Condition of the House

First impressions only happen once!

- Make sure your home is clean and tidy for every showing.
- Privacy means a LOT, you may want to add a privacy fence to your back yard.

2. Marketing of the House to Buyers

Great pictures are a must!

- I ensure all pictures are taken with a professional camera to capture the best features of your home.

3. Price of the House

Price it Right!

- I will suggest the listing price and what I know I can get it appraised for but YOU get the final word. It's all about YOU!
