

A 5-6-7-8 Dance Co. is excited to announce that our goal is to start IN-PERSON classes at the Studio beginning Monday, June 15, 2020. Please wait for confirmation following this email. (Competition team may be held on occasion at the park in order to have the whole team together for the large routines)

We have been working very hard for the last few weeks making guidelines so our dancers can get back into the studio!! Rest assured we have given our teachers and our dancers safety a priority. We have also included Guidelines that we will be following to promote health and safety at the studio. Please read the guidelines carefully. We will be only allowing 5 dancers per class. All classes will continue to be run on zoom as well. We will alternate student's weekly who will have a reserved spot to dance in the studio. It will be prescheduled so you will know which week your child will dance on zoom and which week your child will dance in the studio.

- Pepperdine University has extended the date they are allowing performances to take place. As of now, our recital is scheduled for December 20, 2020. This will be in place of our holiday show this year. All classes will run the recital routines weekly but will also learn fun, new combinations each week. Costumes exchanges for size will be allowed through mid-October.
- Our facility will be cleaned and sanitized by professional cleaners prior to opening and on a weekly basis.
- Teachers will wipe down with disinfectant vulnerable areas, doorknobs, barres, mats, bathroom and other frequently touched surfaces before & after all classes.
- A 5-6-7-8 Dance Co. will provide hand sanitizer station & touch less thermometer at door as well as disinfectant, soap and paper towels in bathrooms.
- Teachers who have symptoms or are not feeling well will notify Holly immediately and stay home.
- Teachers and students who are well but who have a sick family member at home with COVID-19 should notify Holly immediately and stay home.
- Teachers will take their temperature before coming to studio. If temperature is above 100.4 degrees Fahrenheit, they will call Holly immediately. A substitute teacher will be provided.
- Teachers will wash hands before opening doors to students.
- Students who have symptoms, cough, fever or are not feeling well must stay home.
- No pre or post class socializing will be allowed. Parents may not come into the studio or lobby. No congregating on the sidewalk. Curbside student drop off and pick up only.
- Up to 3 parents at a time may bring their own chairs to sit outside if they like. Markers for observing/waiting outside will be provided.
- Prior to entering the studio, a staff member will welcome student, use a drop of hand sanitizer on their hands and will take all students temperature via a no-touch thermometer. If student's temperature is above 100.4 degrees Fahrenheit, they will be asked to leave.

- Please come prepared to dance. No changing in the studio or bathroom. No bags allowed.
- Bring your own water bottle, no sharing.
- All outside doors will be open at all times to allow fresh airflow into rooms.
- Teachers must wear mask. Students must have a mask and wear it as instructed by the teacher. We recommend the bandana type mask for more airflow. Teachers are required to monitor for paleness and or dizziness in student during intense workouts.
- Classes will be different. Beginning of each class, teachers will instruct students on safe dance guidelines.
- 6 ft markers will be placed on floor prior to class. Students will be asked to stay on or near their marker. During Barre exercises, students will be placed 6 ft apart (pre marked on barre)
- Plan ahead and minimize the use of the bathrooms
