

SPUN GOLD GOLDEN RETRIEVERS PUPPY APPLICATION

We only place our puppies in homes that have demonstrated to us a strong interest and capacity to provide a lifetime commitment to one of our special puppies. If you plan to make this puppy a part of your family, please inquire.

However, if you want a dog to keep in the back yard and look at, but not interact with other than feeding once a day, then please look elsewhere - our puppies are not suitable for that purpose.

Please don't let the following questions intimidate you! All information is kept confidential and used only by the Breeders/Owners of the litter. We just want to get to know you better, so as to make the best match between you and your puppy. The more detailed information you give, the better match we can make. If you feel that any additional information would be helpful, please add it to the bottom of this form. Thank you for taking the time to help us match you with the right dog!
