## *Mini Miii Prep Microschool Course Descriptions*

Our micro-homeschooling program offers a diverse range of courses designed to foster a love for learning and cater to the unique interests and academic needs of each student. Below are detailed descriptions of the core and elective courses available through Mini Miii Prep.

### *Core Courses*

1. **Mathematics**

- This course covers fundamental mathematical concepts and skills, including arithmetic, algebra, geometry, and statistics. Students will engage in problem-solving activities and real-world applications to enhance their understanding and analytical skills.

2. **Science**

- Students will explore various scientific disciplines, including biology, chemistry, physics, and earth science. The course emphasizes scientific inquiry, experimentation, and the development of critical thinking skills.

3. **English Language Arts**

- Focusing on reading, writing, and communication skills, this course helps students develop strong literacy capabilities. It includes literature analysis, creative writing, grammar, and vocabulary development.

4. **History**

- This course provides a comprehensive overview of world and American history, encouraging students to understand historical contexts, analyze events, and appreciate diverse cultures and perspectives.

### *Elective Courses*

1. **Art**

- Students can explore different mediums and techniques in art, including drawing, painting, sculpture, and digital art. The course encourages creativity and self-expression.

## 2. **Music**

- This course offers an introduction to music theory, history, and performance. Students may choose to learn an instrument or focus on vocal training and composition.

## 3. **Foreign Language**

- Options include Spanish, French, and Mandarin. The course emphasizes conversational skills, cultural understanding, and language proficiency.

## 4. **Physical Education**

- Designed to promote physical fitness and well-being, this course includes activities such as sports, yoga, and dance. It encourages teamwork and healthy lifestyle habits.

Each course is designed with flexibility in mind, allowing students to progress at their own pace while receiving personalized support from our dedicated educators. Our goal is to create a nurturing environment that inspires curiosity and lifelong learning.
