## Senior Men's Division

In both pools, each team will play the other pool members for a total of total of two games. The four teams with the best records will advance to the championship side.

Semi-finals will be decided in the following way:

- If two teams qualify from each pool, the winner in the Folk Pool will play the 2nd place team in the Karwandy Pool, and the winner of the Karwandy Pool will play the 2nd place team in the Folk Pool.
- Winners advance to the final, and the runners-up will play in the 3rd place game.
- Should 3 teams qualify from the either pool, the four qualifying teams will be ranked according to records and points for/against, and 1st place will play 4th place in one semi-final while the 2nd and 3rd ranked teams will play each other in the other semi-final.
- The two teams not advancing to the championship side will play two consolation games against each other. Should they split the games, the team with the best points for/against in the two games will be declared the consolation side winner.
