D&C 133-134

Sections 133-134 were originally added as an appendix to the Book of Commandments... think of them like Words of Mormon from the Book of Mormon. As you study this week the Lord makes A LOT of statements about action. Meaning things that he is asking us to do. These actions will draw us closer to Jesus Christ and prepare for HIS second coming. As you read pay attention to what you need to do next and see if you can find more scriptures to put beside each Doctrine & Principle below.

The most important question of the week Why is it significant that we do not know the exact time when the Savior is coming?

What action step do you feel the Lord is trying to get you to understand most?

If there was one thing in your life that you need to work on prior to the second coming of Jesus ... What do you need to start doing?
