

“The scriptures are tools that help us achieve eternal life. Like any tool, they must be used. Those who are well acquainted with the tools of their trade and use them properly are on their way to becoming master craftsmen. Those who do the same with the scriptures are well on their way to understanding the gospel. Scripture marking is a most helpful way to utilize some of the scriptural tools that God has given us.” – The Power of the Word -Institute Manual

I hope you find this simple marking system valuable as you study the scriptures. As you mark your scriptures you are better able to understand them in a way that brings greater clarity and understanding to the word of God. This color system (although simple) will allow you to visually distinguish doctrines and principles in a way that you have never done before. This system will also teach children & youth how to identify principles and doctrines to help them gain a testimony. From my personal experience of using and teaching this system for over 20 years, I can tell you that it works.

Happy Scripture Study!

Steve Scott

SCRIPTURE MARKING SYSTEM

	Great Scripture
	Doctrinal Mastery
	Atonement / Plan of Salvation
	Faith
	Prayer
	Repentance
	Satan / Results of Evil
