

# Redefining Home Services

Quotes shouldn't be this hard. **So we are fixing it!**

## NoviQuote flips the script

**Homeowners** get fast, anonymous, and effortless quotes from top-tier service providers. No spam, no sales calls, no site visits, and zero no-shows.

**Our Pros** get real, ready-to-bid projects, no cold calls, no wasted site visits, no chasing leads.

We take every request, turn it into a detailed RFP (request for proposal), and send it straight to the best in the business. Each of our novi-Pro's has access to every request from the regions they serve. They review, bid, and deliver clear pricing, all before the homeowner even reveals their info.

Homeowners compare real prices with zero pressure. When a match is made, the project unlocks frictionless communication, seamless scheduling, the job itself, fast payments, and reviews - real results, all handled in one place. No wasted time. No mysteries. No headaches. **Just smarter quotes, better jobs, and faster decisions.**
