

Newsletter April 21st

Happy Tuesday folks!

Two items to cover in this letter:

- Home Depot/Team Depot Project and Mr. Jeffrey's home on **THURSDAY Apr 23** in 2 Days!
- May Second Saturday Planning and sign up for Ms. Tia and her father Mr. Athel on May 9th.

Thursday April 23 2026 in 2 Days!

We are partnering again with Home Depot's Team Depot community serve team to work at the home of a disabled Army veteran – Mr. Jeff. Everyone that is a vet or just loves our veterans should come say hello and offer encouragement. His wife Rosalind, is his caregiver and her favorite thing is caring for her yard and making it beautiful. So we are addressing some things to make her life easier and give her a jump start on some projects.

There is lots of unskilled labor required so if you just want to come help, then come on!

If anyone wants to join us just click here-> [I want to serve at Mr. Jeff's home](#)

Location of Mr. Jeffrey and Mrs. Rosalind's home

1.
 - Gather up! at 8:15- 8:30 and have coffee – we have coffee and snacks.
 - Devotion and Prayer at 8:30am
 - Serve!
 - Goal is to finish in 4 hrs about 12:30pm

Mrs. Tia is a single mother with 2 kids. She has a job, goes to school, and has become caregiver to her father Mr. Athel. He has lost the cartilage in his joints and has extreme difficulty moving. This family came to us from Chris Sharpe of EmmanuWheel. Chris and the Mt. Horeb Ramp Crew are building a wheelchair ramp to help him get into and out of the house. Chris is taking lead to help get his room's floor raised which is a converted garage. Second Saturday will be helping. As usual Garages are usually a step or two down so this makes it difficult to actually get into and out of his bedroom, so they are going to raise the floor to meet the house floor height. But there are lots of other tasks including

- interior lighting
- smoke detectors
- repairing a gate
- mailbox post
- GFCI install Landscaping
- gate latches
- security lights
- landscaping
- screen door handle
