

SMSC Heat Policy

SMSC supports the ProFutsal MtEvelyn Heat Policy found in the ProFutsal Juniors Handbook.

Pro Futsal Mt Evelyn will be fitted with a thermometer.

On hot days, temperature will be taken hourly whilst the stadium is in use and must be recorded in a permanent record kept at the centre. When the temperature reaches 30 degrees, competition organised will consider implementing, and where the temperature reaches 35 degrees, must implement the following rules:

a) Session times are reduced by 2 mins per half

b) 1-minute drinks breaks will be implemented at 25% intervals throughout the game

When the pitch temperature reaches 38 degrees, all games will be abandoned and rescheduled where possible.
