

Privacy Policy

Effective Date: 06/01/2026

Information We Collect

Good Samaritan Property Solutions ("we," "our," or "us") collects the following types of information when you use our website or services:

- **Personal Information:** Name, phone number, and email address when you submit our contact forms
- **Communication Preferences:** Your consent to receive text messages and email communications
- **Website Usage:** Information about how you interact with our website

How We Use Your Information

We use your information for the following purposes:

- To communicate with you about your property needs and our services
- To send you updates and service information via phone, text, or email
- To respond to your inquiries and provide customer support
- To improve our website and services

SMS/Text Message Communications

When you provide your phone number and consent to receive text messages:

- You will receive text messages with various updates and services
- Message frequency varies based on your needs and our communications
- You can opt out at any time by replying "STOP" to any text message
- You can get help by replying "HELP" to any text message
- Standard message and data rates may apply

Information Sharing

We do not sell, trade, or otherwise transfer your personal information to third parties, except:

- When required by law or legal process
- To protect our rights, property, or safety, or that of others
- With service providers who assist us in operating our website or conducting our business (under strict confidentiality agreements)

Your Rights and Choices

You have the right to:

- Opt out of text messages by replying "STOP"
- Unsubscribe from email communications using the unsubscribe link
- Request access to, correction of, or deletion of your personal information
- Contact us with any privacy-related questions or concerns

Data Security

We implement appropriate security measures to protect your personal information against unauthorized access, alteration, disclosure, or destruction. However, no method of transmission over the internet or electronic storage is 100% secure.
