Robin’s theme was “Reconnect to YOUR Pacific Region,” and her Unified Project was “Blue Stars Shine in the Pacific Region.” The Covid19 pandemic shutdowns restricted many gatherings including conventions during Robin’s term. Virtual meetings utilizing Zoom became the norm and Robin used the technology to hold “Workshop Wednesdays.” These free Zoom workshops held every Wednesday for a total of 14 sessions provided a variety of speakers and topics to entertain, educate, and connect those who attended. Hundreds of attendees participated from all across the states. The “Lil’ Moose Garden Club” scholarship fundraiser was a garden club where all donations went to the Pacific Region scholarship fund. Members joined from all across the states and over \$7,000 was raised. “Blues Stars Shine in the Pacific Region,” listed 82 projects in process for the region, some on hold due to the pandemic. “Photo Phundraiser” raised over \$400. Robin oversaw the production of several educational and informative publications during her term including, “What’s Cookin’ in the Pacific Region,” “Installation Ideas,” “Live, Laugh, Garden in the Pacific Region,” and “Fundraising & FUN-raising.”

At this meeting National Council adopted the project of buying a 40-acre grove of redwoods in California to be presented to the Nation on the Twentieth Anniversary of National Council in May 1949. Individuals and garden clubs contributed toward this goal that was accomplished May 21, 1949.

War activities continued. Victory gardens increased. Encouragement and information was sent out to the states and the clubs by Mrs. Stinson. There were queries from all the states of the region asking about victory garden programs, canning centers, etc. Mrs. Stinson wrote, "My term became a correspondence course...I recall most newspapers and magazines were printing articles on why garden clubs should not disband, some did, more in the East than on the West coast."
