

Jelly Bean Messenger

DEAR PARENTS:

Happy May! I hope that everyone is enjoying the sounds of Spring (with the birds chirping) and the sights of Spring (watching the flowers, plants and leaves on the trees bloom). This reminds me of our students and how they have grown and learned so much during this school year.

I wanted to remind the parents that pre-assessments with I'm For Kids Team (for children who are returning next year) is on Saturday, May 14th. If you had forgotten which time you had signed up your child for, please check with Ms. Renée during drop off.

This month we continue to learn about **Dinosaurs** and will also be starting on the theme of **Community Helpers**.

Just a reminder to all parents that registration for our September 2022 - June 2023 Preschool Program is still accepting registrations. 2022 Academic Discovery Summer Camp Registration has also already started. Both Registrations Forms are enclosed in this Newsletter. If you want to keep your child learning (while still having fun) I would encourage you to submit your registration at your earliest convenience; before spaces run out!

I would like to once again encourage you to consider giving us a Google or Facebook review. Your review or rating of the preschool in social media is extremely important to the long term success of the school, which will benefit many children and their parents in our community! Once again, many thanks to the parents and families who have given us your Google and/or Facebook review. We truly appreciate everyone for taking the time to do this and giving us awesome ratings!

We really appreciate your on-going support for our Preschool. Thank you!

May 8th (Sun) – Happy Mother's Day!!

May 14th (Sat) – I'm For Kids Team, Pre-assessment Screening (By Appointment only)

May 23th (Mon) – Victoria Day (school closed)

Illness Protocol: Children 18 and under with only one of the non-core symptoms should still stay home and monitor for 24 hours, but if they improve, testing is not necessary and they can return to normal activities. If they have two or more symptoms, however, they should stay home until the symptoms improve or they test negative for COVID-19. Those with any of the core isolation symptoms" of cough, fever, shortness of breath or loss of taste or smell must still isolate for 10 day or have a negative test result and resolved symptoms to resume activities.

Also remember to contact us by email or call us to leave a voicemail to let us know: don't forget to mention your child's name and their class time.

THANK YOU FOR YOUR PATIENCE!

We appreciate your cooperation and patience as we continue to do our best to keep our students safe. We were recently paid a visit from Child Care Licensing and Alberta Health Services for inspections and they are satisfied that our preschool continues to comply with Government standards.

Our Mission

To provide a safe and caring environment where children develop their passion and get excited in learning through play, and staff are empowered, engaged and valued.

Our Vision

Allowing preschoolers to grow all their areas of development from a balance of self-guided play and teacher instruction.

Our Philosophy

At Preschool 101, we provide a foundation of learning through play. Preschool 101 embraces and promotes the importance of "Diversity".
