## **Noah is commanded to build an Ark.**

Noah was a righteous man, blameless among the people of his time, and he walked faithfully with God. Noah had three sons: Shem, Ham and Japheth.

*Genesis 6:9-10*

Noah was honorable and faithful to God. The Bible tells us that he had his 3 sons sometime after he turned 500 Years Old! Can you even imagine all of the birthday candles on his cake?

Now the earth was corrupt in God's sight and was full of violence. God saw how corrupt the earth had become, for all the people on earth had corrupted their ways. So God said to Noah, "I am going to put an end to all people, for the earth is filled with violence because of them. I am surely going to destroy both them and the earth. So make yourself an ark of cypress wood. make rooms in it and coat it with pitch inside and out.

*Genesis 6:11-14*

Because the people had become very evil, God was about to destroy every living thing on the face of the earth; all except for Noah, his family and some of the animals.

## The Ark.

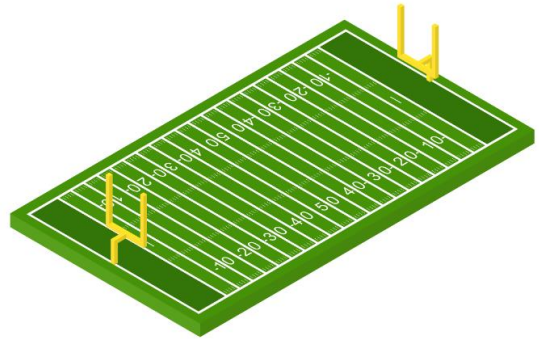

This is how you are to build it: The ark is to be three hundred cubits long, fifty cubits wide and thirty cubits high.

*Genesis 6:15*

**Wow!**

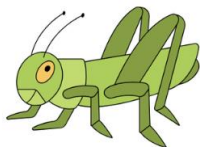

The ark that Noah built was approximately 475 feet long and 50 feet high. That would be about 1 and half football fields in length!

Noah was also instructed to take 7 pairs (a male & a female) of every kind of clean animal, 1 pair of every kind of unclean animal, and 7 pairs of every kind of bird so they would be able to continue living on the earth.

## **The Floodwaters come.**

Noah was six hundred years old when the floodwaters came on the earth. And Noah and his sons and his wife and his sons' wives entered the ark to escape the waters of the flood.

**Genesis 7:6-7**

Up until the flood, it had never rained on the earth. The water they received came up out of the ground. Don't you think the people would have thought that Noah was crazy when he built the ark right in the middle of the desert? How would it ever float, they must have thought.

For forty days the flood kept coming on the earth, and as the waters increased they lifted the ark high above the earth.

**Genesis 7:17**

Every living thing on the face of the earth had now been wiped out.

## God fulfills his Promise to Noah.

But God remembered Noah and all the wild animals and the livestock that were with him in the ark, and he sent a wind over the earth, and the waters receded.

Genesis 8:1

For 370 days, Noah and the animals floated, waiting for the land to dry. Then finally, Noah stepped out of the ark and worshipped God for saving him and his family.

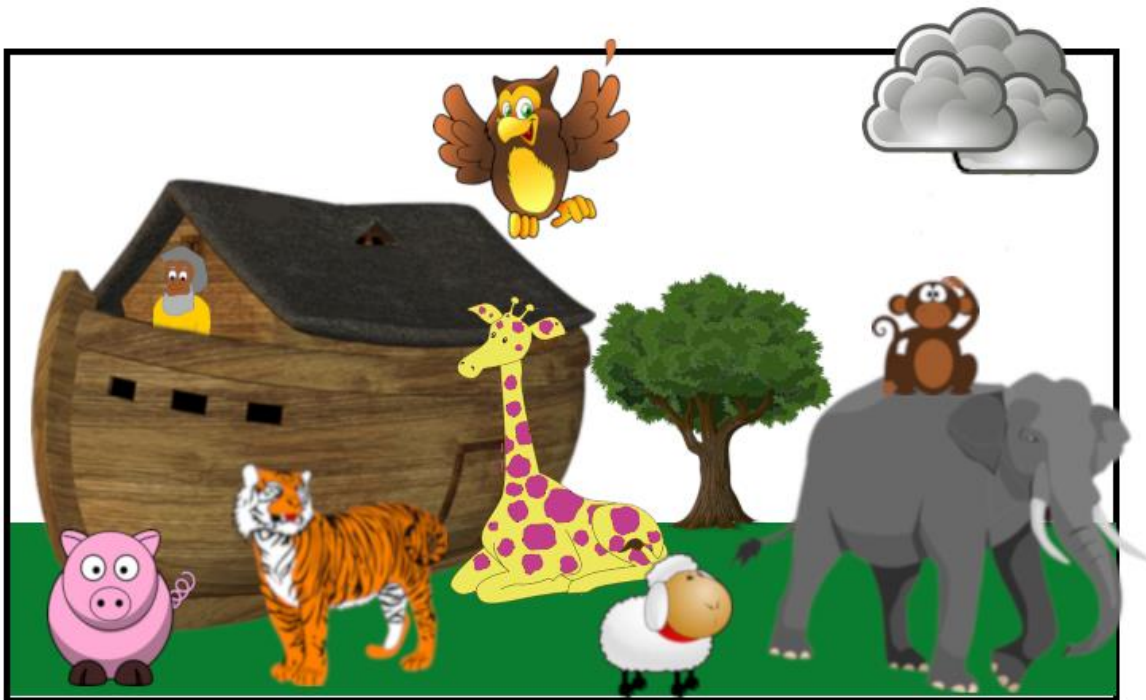

Noah lived to the ripe, old age of 950. How would you like to live that long?
