Centered Riding School Days 2019

Bring your own horse to ride under the instruction of April Williams-Ginns. April comes to us from England, was trained by the British Horse Society, and competed internationally. April's **Centered Riding School Days** for 2019 include using natural aids to balance and work with your horse, gaining confidence and direction. You can ride in either an **English** or a **Western style saddle** if you prefer. These classes are to get you to **connect** with your horse and enable a bond and language both you and your horse understand. We have built in some optional **Jump School Days** too for those of you who want to do more. Come to more than one and build on your knowledge! **BOOK EARLY! THESE SLOTS FILL UP QUICK!**
