## **LIONS EIGHT PILLARS OF SERVICE -- VISION**

This is a series of articles to help Lions learn more about the LCI [Global Causes](#). The articles contain hyperlinks to information to help gain ideas and learn more about LCI initiatives you can bring to your community. Lions International Global Causes are the specific service causes supported by Lions International. Global causes have fully developed programs, service resources, funding opportunities and organizational support. Global causes help answer the question: What causes are Lions uniting to serve around the world? We are working to serve and reduce impact on these worthwhile causes:

### **Vision A storied history of vision care**

Lions and Leos, with the support of Lions Clubs international Foundation (LCIF), are dedicated to improving the lives of the visually impaired and preventing avoidable blindness.

Deaf and blind from an early age, Helen Keller emerged as an outspoken activist, championing vision care for much of her life. In 1925, [Helen Keller](#) boldly called upon Lions to serve as Knights of the Blind — and Lions answered the call. Today, her influence still resonates loudly, as Lions continue to expand their vision service all over the world. In 1990, Lions International introduced [SightFirst](#), a program that enabled Lions, health care providers and partner organizations around the world to fight the major causes of preventable and reversible blindness and assist those who were blind or visually impaired. More than 544 million people have been impacted by vision service projects thanks to SightFirst Grants, and Lions continue to serve the blind and visually impaired.

#### [LIONS KIDSIGHT](#)

Lions KidSight provides vision screening and referral services to youth starting at the age of six months. These screening services are vital in ensuring youth receive early intervention and necessary eye care.

#### [LIONS EYE BANKS](#)

Eye banks recover, evaluate, store and distribute human eye tissue for vision restoration, research and education. Eye surgeons rely on eye banks to supply them with tissue for sight-saving procedures. A Lions eye bank is sponsored by a Lions club, district or multiple district and has an established working relationship with a medical facility.

#### [VISION SCREENING](#)

Eighty percent of all visual impairment can be prevented or cured. The first step to prevention is awareness. The second is early detection through vision screening. Around the world, Lions partner with medical professionals and community leaders to

screen young children, primary school students and adults to identify those at risk for vision loss.

#### [EYEGLASS RECYCLING](#)

Refractive errors can be easily corrected with eyeglasses, yet millions living in low- and middle-income countries lack access to basic eye care services. Lions have recognized the urgent need for corrective lenses and collect usable glasses in their communities to support eyeglass recycling.

#### [VISION GRANT](#)

The LCIF Vision Grant supports Lion-led service activities that fight blindness and preventable vision loss and/or assist people who are blind and visually impaired in underserved communities.

#### [DISTRICT & CLUB COMMUNITY IMPACT GRANT](#)

Through the DCG Program, 15% of unrestricted contributions to LCIF are transformed into grants that fund local projects on a club and/or district level.

### **NOTES FROM THE EDITOR**

Good day LIONS!!!

On behalf of the District 29I cabinet, we wish you the very best this holiday season. The calendar year of 2025 is closing and we have also met with the halfway point of the Lions fiscal year. This is a great time to reflect upon what has passed. Reflecting as Lions on the past half year provides us with the opportunity to understand and measure what we have accomplished. As the calendar year ends and we take the time to enjoy these holidays with family and friends, it also provides us with an opportunity to plan. Not just our personal or professional lives, but also our Lions life. What can each of us do to continue growing our Lions clubs?

How can we facilitate our services to those in need throughout the year? Take note that the newsletter is running a series on the Global Causes that Lions Clubs International has aligned with the United Nations. Use these articles to support your future thoughts and actions. Let the application of the support found in the articles and on the LCI website bring to life the services that can be aligned to these goals within your community. Watch the gift of your efforts enable those around you.

*Yours in Service

**Please take the time to read this important information and save it for future reference.**

*To all club officers, especially club secretaries and club administrators: If you need assistance with Portal issues such as entering new members or making changes to membership information and/or entering service activities, please contact me – I can help. As the district administrator, I can do any of the functions that a club secretary or club administrator can do for clubs in the district. I will be glad to assist you. I am also able to review individual club reports such as rosters, club contact information, club officers, etc. Please use me if you need me.*

**\*Note well: Club treasurers: November 15<sup>th</sup> is the deadline to file your EZ 990 electronic filing with the IRS for the last fiscal year's activities (July 1, 2024 – June 30, 2025. Please do not neglect to take care of this task. If you need help, again you may contact me.**

**Lastly, club treasurers:** You will not be receiving paper copies in the mail any longer from Lions International for the per capita dues statement that will be coming out in January 2026 for the second half of the 2025-2026 Lions year. You must access it online in the Portal. Nor will you be receiving a paper copy from Cabinet Secretary-Treasurer Daryl See. He will be emailing the dues statements to each club treasurer, so please ensure that he has your correct email address or the email address of another club officer who can provide it to you if you do not use email. ## 29I Fall Conference Highlights

By Lion Beth White, Zone 9 Chair

MD 29-I Fall Conference at Canaan was Well Attended by Zone 9 Lions

The MD 29-I Fall Conference was held October 3-5, 2025, at Canaan Valley Resort; and was enjoyed by Zone 9 Lions: Dwayne Brown, Linda Aman, Beth White and Bill White from the Jane Lew Lions and by Roy Murphy from the West Milford Lions Club. This was the first Fall Conference for Dwayne, Linda, and Roy, but probably will not be their last.

The Conference was attended by 72 Lions from MD L, C, and I. The beautiful location added to the festivities this year since it was prime leaf peeper season! Friday night we were entertained by a Murder Mystery Show, where we were part of the show complete with props. (Photos show men in cowboy hats and women with feathers.) A good

time was had by all, even though only two Lions picked the correct murderer. Thank you, GMT Coordinator, Renee Douthitt, for a thriller!

The guest speakers and dignitaries for the conference were, International Director, Gary Steele and his wife Elizabeth, from Cleveland, NC. ID Steele's accolades are too many to name, but his session on the Lions University was well attended. He explained what Lions University is and why we should use it. The University is an educational institution established in 2014. It is an online platform that provides leadership curriculum for Lions members, offering bachelor's, master's, and doctoral courses focused on Lionism and leadership principles.

Elizabeth Steele gave a wonderful presentation on LEO Clubs. She shared her expert knowledge and answered many questions after her presentation. She is a valuable resource for any club wanting to start a LEO Club, or anyone who has questions regarding a current club.

PID Steve Glass, MD29-I Administrator, also had a seminar on "Is Your Club on the Right Track?" He offered valuable information regarding the Lions Portal and considers himself a Portal Advocate. He stressed the use of Robert's Rules of Order in organizing club meetings and answered many questions from the group. As District Administrator, Steve plans on visiting the clubs in the district and assisting anyway he can.

During the Cabinet Meeting, Lion Richard Thorne who chairs LCIF and the Sight Foundation explained his role in Lions and offered to attend Zone Meetings in the district, so each could learn more of what goes on in each area. He encouraged Lions to donate individually to LCIF and to Melvin Jones as you would to any nonprofit organization.

Past District Governor Gray Jones explained the Quest Program. Quest is a social and emotional program owned by LCIF to promote students in controlling their own behavior. It is available for PreKindergarten through 12<sup>th</sup> grade, integrating social and emotional learning, character education, drug and bullying prevention and service learning. Many schools have used the program, as well as the

judicial system. PDG Gray also offered to visit any district or schools that would have a need for this program.

The **WOW!** moment in the Cabinet Meeting was from Wayne Worth, the Disaster Relief Chair. Wayne spoke of all the partnerships he had developed in ten years of service, including in part, WV VoAg, Emergency Management, First Responders, Volunteers of WV, and over 10 different Lions clubs. He and his team have been to 7 different disasters (floods) in WV, and he listed each with a description of each with the duration of the clean up. He has had over 100 volunteers help with service and support. He said that his most challenging relief effort was in Smithers, WV in 2022, when everyone had to get shots (vaccines), due to a sewer line break. The stories that man can tell can send chills down your spine. Wayne would be an excellent person to contact if you need a speaker for a meeting. The service he has provided to people in need is unmatched and his candor is breath taking.

No Fall Conference is complete without The Parade of Checks. At the end of the meeting it was reported that almost \$60,000 had been received from the district clubs. Not all the clubs had submitted by the time that tally was taken, so that number will increase for sure.

The service project this year, by PDG Sue Long, was "Welcome to Our School Backpacks." Clubs were asked to bring elementary school supplies to fill backpacks for children who transfer into a new school. Many children have to change schools in the middle of the year and this was a thoughtful way to make them feel that they are part the new school. Lions packed the bags with crayons, markers, pencils, erasers, paper, etc. and sent them back with Lions to distribute.

This is only a small part of what we experienced at the Fall Conference. There was a lot of information in a small amount of time, but nothing can compare to the camaraderie felt being in the presence of other Lions. It's amazing to talk to people from different areas and see how similar our problems are and how much we can learn if we just open up. There were many opportunities to brainstorm with other Lions on fundraising, retaining older

members, recruiting ideas to gain new members, and just have a roaring good time!

If you missed this year, plan on attending next year, The Multiple District Conference in May 15-17, 2026, at Canaan Valley Resort. Save the date. You will be glad you did! I know you'll learn something; and if you're not careful, you'll have a really good time!

## 29I Fall Conference Welcome to Our School Backpacks

*By Lion Henry Krautwurst*

### Lions Make a Delivery to the Local Elementary School

October 20, 2025 – PDG Sue Long brought a service project to the District 29-I Conference held at Canaan Valley Resort State Park on October 4, 2025. Lion Sue, being a teacher for 47 years, devised the perfect service project.

Students often receive back packs with school supplies at the beginning of the year. Her concern was for the children that transfer in during the school year. For the student, that transition into the new school can be difficult. With that in mind she purchased 144 bags with "Welcome to Our School Enjoy Your Year" printed on the bag. It is intended to help the new student feel welcome upon their arrival. Each bag is filled with various school supplies. The service project entailed Lions filling the bags with the supplies making them ready for distribution.

Lions Lorrie and Henry Krautwurst had the pleasure of delivering 10 school bags to the Capon Bridge Elementary School. The school Secretary, Ashley Anderson, received the bags. She was thrilled to get them. Well, thrilled might be understating her reaction. She thought this was "So cool!" It was

unbridled excitement. She sends her THANK YOU! to the Lions.

## Youth Camps & Exchange

By Lion Henry Krautwurst, Chairperson '24-'25

### West Virginia Lions Club Offers 'Super Opportunity for Kids' to See the World

By Stephen Smoot, *The Pendleton Times*

"They make friends across the world...many of them lifelong friends."

Thus says Henry Krautwurst of the Lions Club and Capon Springs. He helps to administer the Youth Camps and Exchange Program for the Mountain State. "It's intended to bring kids from different cultures together to learn," he stated.

Through the program, a young person between the ages of 15 and 22 can go abroad and reside with a host family for two to five weeks. There in a close-knit family setting, they experience what it's like to live in another country.

Most areas also have a one-to-two week camp component in which youth from around the globe can gather together for fun and fellowship. The mission, according to the Lions Club website, is "to create and foster a spirit of understanding among peoples of the world."

Another aspect of the program lies in West Virginia families hosting young people looking for a similar experience in America.

Krautwurst shared that "my wife and I hosted about 10 over the last 10 or 12 years." He told of one experience when he hosted Ani from Finland. Not long before she had to leave, "we got a request from Yuko, a student in Japan who wanted to come."

The visit from Yuko overlapped with that of Ani by five days, but as Krautwurst stated "they had a ball together. They took the girls to a family reunion, on a helicopter ride, and more American good times."

But the friendship between the girls powered through a world of separation when they left the United States. As Krautwurst explained, Yuko later ended up living in Prague, the capital city of the Czech Republic. Ani invited Yuko to join her family in Finland for Christmas, and she stayed for a month.

On another occasion, the Krautwurts hosted a 15-year-old from Lima, Peru. They took her throughout the region, including Colonial Williamsburg. Her family offered a return invitation and hosted the Krautwurst couple in their country for a month, proudly showing them the sites.

Through the Lions Club program, it's hard to predict where a trip and friends meeting will lead in the future.

As Krautwurst says, "Don't be afraid to enter an experience."

In his experience, unfortunately, too many are. From West Virginia the Lions Club can send up to six program participants. Krautwurst related that in many schools, he will travel to recruit for the program. In recent years, interest in this and similar experiences among young people have declined.

"I went to a table in a high school and set up in a cafeteria," he said, going on to relate that he tried to engage students throughout the lunch periods. "Every kid walked past the table and one stopped. That's scary."

Often what a family host gives, they get back in the most unexpected ways. Krautwurst in 2020 contracted COVID and spent nine weeks fighting for his life against the disease. "All

those kids and families were emailing me," he said, adding "I was just taken by that. It was more than just an experience to them."

Qualifying participants travel on a \$1,700 grant provided to a student in grades 10 through 12 or a recent graduate. Possible destinations include Austria, Switzerland, France, Germany, Finland, Japan, Italy, Peru, or Australia during summer 2026.

The Lions Club engages with counselors at every high school to ensure that all high school students in

## Youth Exchange Reflections

By Pauliina Myllymäki

### *Youth Exchange Reflections from Finland*

Living my dream through the Lions youth exchange. Hi! I am Pauliina Myllymäki from Finland, and I had the chance to spend part of my summer in the United States through the Lions Youth Exchange program. The trip was unforgettable, and since returning home, there has not been a single day when I have not thought about it with warmth. I spent three weeks in August 2025 in West Virginia, in a small town called Mathias. My host family lived close to the border of Virginia, so we spent a lot of time there as well. Thanks to them, I also got to visit the state of Maryland. Visiting the United States had been one of my biggest dreams, so I am forever grateful to Lions for making this experience possible for me. My host family was truly more than I could have wished for. They welcomed me with open arms and made me feel at home from the very first day. The family included a mom, a dad, and two younger boys. We spent a lot of time together talking, playing games, going outside, and watching shows. During my stay, we shared our cultures with each other. I learned a lot about the USA and I got to share my Finnish culture. The host family lived in the countryside surrounded by beautiful scenery and many animals. I am grateful because I was able to experience so many different sides of the United States. My host family made it possible for me to see stunning nature, movie-like neighborhoods, and the excitement of big cities. My host family was always full of ideas for things we could do together. Almost every day we explored the local area and experienced something new. We spent time in West

Virginia's nature, had picnics by the water, went shopping in Virginia, and tried new restaurants. I finally got to go to Target and Walmart, which had weirdly been little dreams of mine. I know it might sound silly to anyone who lives there, but I was genuinely so excited. Every day during my exchange felt like a gift. I still remember driving over the mountains at sunset, with music playing and the sky glowing orange. In Virginia we visited the amazing Luray Caverns. We also spent a day at a traveling fair, and I experienced my first American rodeo, which was incredible. One of the funniest days was at the Virginia Safari Park, where hungry animals kept sticking their heads into our car. Another unforgettable moment was horseback riding along a forest trail in West Virginia, something I had wanted to do for a long time. I got to meet so many wonderful people, and I feel like my English improved a lot while I was there. We

also took two overnight trips to bigger cities, where I got a taste of city life. In Maryland, we visited Baltimore, where I saw beautiful city views and explored different museums. Before I flew back home, we also visited Washington DC and got to feel the atmosphere of the capital. I got to see incredible landmarks, including the White House and many historic memorials. We also spent time exploring the impressive Museum of Natural History. This exchange was one of the best things that has ever happened to me. I had never traveled alone before, but everything went smoothly. After graduating from high school, I had been

longing to travel and see more of the world. The youth exchange taught me independence and courage, and it showed me how much there is to explore beyond home. I truly recommend the Lions Youth Exchange to any young person who is thinking about applying. It is so much more than just traveling to a new country. You get to experience a different way of life, meet wonderful people, and learn things about yourself that you would never discover at home. It gives you confidence, independence, and memories that stay with you forever. I am incredibly thankful to my

local Lions Club for supporting me and for making this dream come true.

### Youth Exchange Interviews

Youth Exchange Committee met on December 6<sup>th</sup> in Nutter Fort to interview 14 students vying to receive one of the six travel scholarships valued at \$1,700 and the opportunity to gain experience in a foreign community. The interviews started at 10:00 am and finished at 3:00 pm. As I have said in the past, we see some of the most incredible students in WV. It is amazing their activities both in school and in their communities.

The interview committee consisted of Lorrie Krautwurst, Mackenzie Harshbarger and Richard McMillen. They all commented how difficult it was trying to select only 6 winners. They all said they wanted to award a scholarship to all of the students. They convinced the Committee Chair, Michelle Harshbarger, to add one more award. Seven students will travel during the summer of 2026. One alternative student was named who will move up if one of the winners is unable to travel.

Pictured above are the successful candidates chosen for the Youth Exchange Scholarships. They are: (L-R) Alyssa Dalton, Gabriela Stevens, Henry Spears, Colton Hetzer, Quin Surles, Oloniyi Jones and Shayle Montgomery (not pictured due to having to work).

The students and their families remained with us throughout the day. Lion Paula Shehan is a member of the church in which the interviews were held. At

the back of the room was a long table of food for their Back Pack Ministry. So, while the students were waiting to hear who the winners would be, we engaged them in a service activity. They filled 183 bags of food and set them on a table for the church back pack committee to make use of the next day.

At 3:20 the interview committee announced the winners: Gabreilla Stevens, Alyssa Dalton, Oloniyi Jones, Henry Spears, Colton Hetzer, Quin Surles & Shayle Montgomery with the alternate Alanna Hukill. Those who were not selected were encouraged to apply again next year.

## Leader Dog

By Lion Robin Faris, Chairperson

### In Every Leader Dog Lies the Heart of a Lion

LCIF and Leader Dogs for the Blind go as far back as 1939. Since then, the Lions have been ambassadors and loyal supporters of the mission to help the visually impaired find their independence and freedom while living in a sightless world. It all started on a small farm in Rochester Hills, Michigan. Fifty dollars a month rented a farmhouse for the clients and staff, a barn for the dogs, and a garage. On October 8, 1939, the first class of the official Lions Leader Dog Foundation graduated. The cost to graduate a client/dog team was \$600. Today, that price has skyrocketed to a whopping \$45,744/ team. The training is still in Rochester Hills Michigan.

Today, the Lions Club supports guide dog programs through fundraising, volunteer efforts, and advocacy. Many local Lions Clubs sponsor individual guide dogs, covering the substantial costs of breeding, training, and lifelong care. The club also supports research into new training techniques, such as harnesses that improve communication

between dogs and their handlers. In addition to guide dog programs, the Lions Club has also embraced the use of service dogs for other disabilities, expanding their mission to assist more people in need. Lions have stepped forward to support the people WE SERVE as puppy raisers and hosts for our breeding stock dogs.

The Lions club has played a crucial role in creating a world where visually impaired individuals can lead fulfilling lives. As we look to the future, we must remain dedicated to this cause, continuing to innovate and support the guide dog movement globally.

## Disaster Relief & Recovery

*By Lion Wayne Worth, Chairperson*

There is a need to adapt our current and future sustainment for Disaster Relief.

Five years or more ago West Milford Lion Jeff Barnhart spearheaded the purchase of a disaster relief trailer to store flood relief tools and supplies. Recently storage of the trailer has become an issue. Its location at the West Milford United Methodist Church is not secure and remains empty of tools due to a chance of theft. A Secure location has not been forthcoming. Therefore I propose the following: 1) That the DG and/or the cabinet reach out (via a mass email would suffice) to local lions in the Bridgeport, Clarksburg, Grafton, and Weston/Jane Lew areas to see if anyone has a secure place to store this trailer, or 2) At the next cabinet meeting discuss selling the trailer.

We have effectively respond to floods in West Virginia (10 floods in the past 10 years) with the current system which is not sustainable. The District needs to have a neutral location (close to the disaster relief chairman) where all flood tools and supplies could be located. My recommendation is that if we cannot find a secure location to store the disaster relief trailer, that we sell it, put the proceeds of the sale back into the disaster relief account, and then rent a climate controlled storage unit where we can house all of the flood relief tools and supplies.

If you have any further questions, ideas, or solutions feel free to contact me via email at [wayneoworth@hotmail.com](mailto:wayneoworth@hotmail.com) or

PDG Lion Sue Long published [A Journey Of Service](#) during her tenure as District Governor in the Lions Year 2021 – 2022. This section of our Newsletter will continue to give life to those stories. The individual Lions Names are not included. Each story is titled for the club.

The **Central Upshur Lions Club** was established in 1967. Members related those moments when serving as a LION had special rewards or incidents that drove them to service. Here are some of those stories.

“Our club is community helping others. Not only eye glasses but give out college scholarships yearly to a senior. Our members are always willing to help no matter what.”

“\$1,000 scholarships to high school students for college (3 in 2021). Help sell Apple Butter to help with eyeglasses for those who need them. Donating peanut butter and other canned food to our needy.”

The **Grafton Lions Club** was established in 1986. Members related those moments when serving as a LION had special rewards or incidents that drove them to service. Here are some of those stories.

“A Grafton High School student was losing his eye sight. The U.S. had not approved the procedure he needed, but Canada had. The family could not afford to go there to have the procedure. The Grafton Lions Club set him up with the WV Sight Foundation. They covered the cost of the procedure and he and his family expenses to go to Canada. Today he has 20/20 vision, graduated from WVU, married and has a baby.”

“I am proud to have been a part of sending Colton to Canada to receive a surgical procedure to save his sight. He was in high school at the time and the procedure was not FDA approved in U.S. He is now currently in Medical School.”

“The Lion’s Club made me create a connection with members of the community I live in. I really had not been involved, even after living there for years. But the club gave me a purpose and belonging. There were a couple members who mentored me. They have passes and I continue to implement their projects as their legacy.”

“Great to help so many unfortunate persons with glasses. Have collected 115 pair of glasses over 18 months.”

The **Roaring Creek Lions Club** was established in 1973. Members related those moments when serving as a LION had special rewards or incidents that drove them to service. Here are some of those stories.

“I gave a check to a young lady that lost everything in a house fire. The look on her face was worth it all.”

“We have sponsored many cake walks for people in need in our community. This is from everything from illness to hearing and sight equipment. The look on their faces from the monies received and their gratitude makes you roar inside.”

“Helped a young child who had sugar (diabetes) to get a dog that could tell him when it was high (glucose was elevated).”

“Several years ago, there was a young girl in our area who was born blind. The club had a fundraiser to help with the cost of surgery for her. She had the surgery and her sight was restored.”

The **Shepherdstown Centennial Lions Club** was established in 2017. Members related those moments when serving as a LION had special rewards or incidents that drove them to service. Here are some of those stories.

“I became a Lion because I was asked to help start the club a year ago. But for service to others started when I went to the Philippines and saw people in poverty who needed help and my faith in Christ tells me to serve others, as Christ served others.”

“Unfortunately, I have not been a Lion for long-so I do not have a Lion AHA moment to share. But a moment I will share is that I am a retired school teacher. I taught for 30 years. Last summer I had a young lady to contact me via Facebook. She wrote me a note and said she was at the hairdresser with a friend and a stranger asked her why did she pledge her sorority. She said her second-grade teacher. She then proceeded to tell me that she just joined Facebook to get in contact with me. She said she was a girl from the projects and living with her single mom and siblings. I brought her home many weekends. She adored me and wanted to be like me. She is now married, has her Master’s degree and she pledged my sorority. I was her favorite teacher. I reached out to my favorite teacher (in her 90’s) and I send her cards and gifts monthly. Teachers teach for the outcome not the income.”

“Lion Michael Sholl is my son. His first years as Lions’ President I would assist whenever I could. It was the Breakfast with the Easter Bunny and Breakfast with Santa Claus that truly touched my heart. Still not a Lion, I also volunteered with the Kids Power PAC lunches at Shepherdstown Middle and Elementary Schools. It was through this opportunity of serving that made me want to be a Lion.”

**Jane Lew Lions Club** hosted their annual Christmas Dinner at the Jane Lew Park Building with the **East Lewis Lions Club** of Weston, WV. The event brought together nearly 50 Lions for an evening of fellowship, service, and community reflection.

Pictured are members of the 2 clubs enjoying the meal and camaraderie of the event. And not to be left out for once is the photographer and president of the Jane Lew Lions Club Linda Aman.

The two clubs reaffirmed their strong collaboration on community service initiatives, underscoring a shared commitment to District I29 priorities and local needs. Acknowledgments were extended to ongoing cooperation between Jane Lew Lions Club and East Lewis Lions Club in delivering service projects and community outreach. Linda Aman, President, Jane Lew Lions Club stated, "We value the cooperation with the East Lewis Lions Club in serving our community and expanding our impact through joint efforts." Bill Bennett, President, East Lewis Lions Club commented: "Together, we can accomplish more for those in need and continue building a lasting legacy of service." Lion Russell Gatian opened the meeting with an Invocation & Blessing. Service Awards were given to Gary Smith, Richard Smith, Marvin Stewart and Frank Bragg (presented by Bill Bennett and Linda Aman). The club presented Well Wishes to community members. Get-well cards signed for Suzie Gatian, secretary of the Jane Lew Lions Club and get well wishes for Andy Wolfe, a Guardsman injured in Washington, DC. The feast for the event was catered by Chelle Cole. The Lions Clubs International is the world's largest service club organization, dedicated to empowering volunteers to serve their communities and meet humanitarian needs locally and globally.

**Clarksburg Lions Club** works with Walmart in Clarksburg where there is now a donation box for used eyeglasses through its partnership with Lions Clubs International.

The Clarksburg Lions Club has made arrangements with Walmart to maintain the collection box and collect the glasses. The donation box is located just inside the lobby entrance to the Walmart Pharmacy and the Vision Center. You can donate old prescription glasses, sunglasses and reading glasses. Once they are collected

to be refurbished they are distributed to people in need. The Clarksburg Lions Club also has a collection box for used eye glasses in the Harrison County Court House and at several other locations in the local area.

**Jane Lew Lions Club** proudly hosted Santa House as part of the annual Jane Lew Christmas Event at Jane Lew Park, welcoming nearly 300 children and adults to a festive, family-friendly celebration. The event featured instant photos with Santa, children's

crafts, and unlimited cookies and hot chocolate, creating a warm holiday experience for attendees. Attendance this year was almost 300 participants, with steady year-over-year growth. Activities included instant photos with Santa, engaging children's crafts, and unlimited cookies and hot chocolate. Entertainment guest was Lewie the Lion delighting children and families. Several dedicated

members of the Jane Lew Lions Club organized and executed the event with heart and hospitality.

Linda Aman, President, Jane Lew Lions Club stated, "Seeing nearly 300 friends and families come together to celebrate the holiday season fills our hearts with gratitude. Our volunteers pour countless hours into Santa House because we believe in the power of community, shared cheer, and giving back. It's rewarding to watch children light up with joy, knowing we helped create lasting memories for them and their families."

"The Lions Club Santa House Event Chairman, Ray Smith and key volunteers Bill White, photographer assisted by Marissa Aman and Lea Ann Murray, along with Santa helpers Tim Skinner, Sheila Folio, Christy Gatian, Lewie the Lion aide Mike Walker and numerous other Lions are thrilled to

bring this joyful gathering to our community each year," said Aman. "Our mission is to create a wonderful, family-centered holiday experience while spreading Merry Christmas wishes throughout the community. We're grateful for the support of all Lion volunteers and families who help make this possible." The Lions Club notes that attendance continues to rise each year, reflecting the community's appreciation for this festive tradition and the collaborative spirit that makes it possible. **Jane Lew Lions Club** proudly honors Lion Beth White for her unwavering determination and dedication in leading a community-wide effort to collect 1,000 pounds of plastic. Her remarkable commitment has earned the organization a TREX bench, set to be placed in Jane Lew Park. The NexTrex bench program is an initiative by Trex that partners with communities, schools, and other organizations. Participants recycle a minimum of 1,000 pounds of plastic film within 12 months to earn a free composite park bench. Eligible materials include plastic bags, bread bags, pallet wrap, and other plastic film. Recyclable items are dropped off at participating retailer locations for recycling into Trex products.

Lion Beth White's leadership and tireless efforts demonstrate the Lions Club's commitment to environmental stewardship and community improvement. The bench will serve as a lasting reminder of what can be achieved when

community members unite for a common cause. The bench will be placed in Jane Lew Park. The bench is a durable, eco-friendly seating option that honors the community's dedication to recycling and sustainability.

**Martinsburg Lions Club** members Eight Lions travelled to Virginia on September 27<sup>th</sup> to participate in the sorting, cleaning, prescription analysis and packaging of used eyeglasses to be distributed throughout the world. Eight members

joined Lion Greg Hart of the **Clarke County Lions Club** who trained and supported the group through the entire process. To

begin, club members delivered 513 pairs of glasses to add to the many thousands waiting to be processed. We cleaned, sorted, and packaged hundreds of glasses with approximately 178 pairs measured, labeled with the prescription of the lenses and packaged for shipping. Several

hundred glasses were rejected in the analysis process. This may be due to lens scratches, types of lenses or other attributes. But, these eyeglasses are also collected and shipped to a frame recovery process. These 'rejected' eyeglasses provide some financial support to the program. Lion Al

Darlington of the **Harpers Ferry Bolivar Lions Club** joined the 7 Martinsburg Lions. Lion Al is washing glasses in the sink, while Lion John dries and makes the first

analysis for acceptance to further processing. Two teams of Lions (Nicole with Elaine and Marty with

Marlyn) use the instruments to grade the prescriptions. Then packaging is performed. **Philippi Lions Club** recently teamed up with our local American Legion Post #44 to host monthly Bingo. The Legion has lost many members and was on the verge of closure. The new Commander got in touch with us asking for help to get Bingo started as a fundraiser for both organizations. The Lions Club sells food and drinks and helps with other activities as needed. While it hasn't been a big moneymaker, it has been a fun community activity, giving both organizations some exposure.
