Fun fact:

Fall colors are caused by the amount of sugar in the leaves.

The more red the more sugar the leaf is storing, That is why Maple trees are so vibrant,

Evergreens don't change because their leaves have a thick wax covering the protects the chlorophyll {green} in the leaves.

PRESIDENT'S MESSAGE

It's fall already. Leaves are turning colors. Harvest has begun. We were with both our children this week for the first time in six years. Life is good.

Thank you and congratulations to all for another beautiful quilt show. People who viewed it were smiling and commenting on the beautiful art work we created.

At our October meeting we will vote on the bylaws, begin officer nominations (please consider this), rummage- bring some \$\$, and award the ribbons for Guild and Viewers' choices.

Ribbon winners, please bring those quilts for show and tell.

Thank you to Betty Pratt and Mary Johnson who have taken care of the donations from Sue Connor's family. The Janome machine was bought at the quilt show for \$1050.

At our meeting we will have books, patterns, tools, and fabric available for a good-will offering.

Please keep working on ornaments for the Festival of Trees.

See you soon.

VP NEWS

Mary, could you please add the following to the next newsletter.

Attention 2021 Quilt Winners:
I added the winning quilts to the website, siouxlandsamplers.org. If I missed your picture please send it to me and I will add it to our site. I thought I remembered seeing someone who had a white ribbon, but didn't have it on my photos. So I believe I am missing at least one picture.

October Meeting Program

This month's program time is reserved for your Show 'n Tell of **ribboned** quilts from our "Quilting Candy ~ Quilt Show 2021". Bring your winning quilts for a little brag session. In some cases, a big brag session is necessary. Also, the Best of Show and Viewers' Choice ribbons will be presented at this meeting. Let's see who wins! Good luck to all of you.

As a heads-up for November's program, we plan to explore the "3-yard Quilts" phenomenon. To paraphrase my Co VP, you've all dazzled and wowed us with your gorgeous quilt creations. Now, let's delve into some quick and simple utility quilts to build from 3 yards of fabric. We'll be contacting some of you, who have made these quilts, to show your work, discuss pros and cons, and to offer any insight as to how to proceed with their construction. If you have made some of these "3-yard Quilts", please contact one of us to arrange your input at the November meeting. We'd love to learn from you.

December's meeting will NOT include a potluck. Instead, we will have a Potholder exchange. It will be like last year's Mug-Rug exchange. Please make a Christmas themed potholder and participate in the festivities. You never know what kind of beautiful creation you will win, and it's fun. We will provide one square of *Insul-bright* for your use in making your potholder. I will have that available to you at the October and November meetings. Search the internet for free potholder patterns if you need assistance. In addition to the exchange, we are planning treats for you all. Yum...

A Helpful Hint

If you haven't seen this method of ruler/template organization, check it out. It works out perfectly for me.

Newsletter News from the creator of newsletter

Fall has fell. This is my favorite season. The smell of burning leaves and the crisp morning. I don't like that Pumpkin spice and I really think we could come up with a better drink to drink. No not beer they even have that in pumpkin. Did I mention wine...bet they have that in pumpkin too. Well I'll just wait for hot chocolate season. Speaking of fall don't forget those Christmas tree ornaments for the Festival of trees. I am looking forward to seeing that for the first time. The quilt show was wonderful. Thanks for all the hard work and sharing of your talents.
