

ILLEGAL MIGRANT HMOs

COMING TO YOUR STREET?

SAY NO TO MIGRANT HMOs

The traitors in government are now shifting illegal migrants from hotels into Houses of Multiple Occupation (HMOs) right next door to English families in our own streets!

Our neighbourhoods are already under immense pressure from housing shortages, strained services, and rising migrant streetcrime.

Turning family homes into taxpayer-funded illegal migrant hostels, with no consultation and no regard for local residents, will destroy our communities overnight.

We are All for England. We are a pro-English activist group that puts England and the English people first. We stand for our heritage, our safety, and for our right to remain the majority in our own country.

Sign our petition today against illegal migrant HMOs in our streets!
