IFORM's 7.23 Acres Manufacturing Facility

IFORM – Building the Future of Indian Construction

As India's Construction Industry and Infrastructure Continues to Grow at An Unprecedented Pace, The Demand for Innovative, Reliable, and Efficient Formwork Solutions is at its Peak. At The Forefront of This Transformation is **IFORM**, A Company Driven by Engineering Excellence, Quality, and a Vision to Strengthen India's Manufacturing Capabilities in line with Global Firms.

With a Strong Commitment to the "**Make in India**" Initiative, IFORM is Contributing to The Nation's Journey Toward Self-Reliance by Designing and Manufacturing World-Class Formwork Systems Within the Country. By Reducing Dependence On Imported Products, The Company Supports Local Industries, Creates Employment Opportunities, Promotes Economic Growth, and Helps Retain Valuable Resources Within the Indian Economy.

In Just Four Years, IFORM Has Achieved a Significant Milestone by Successfully Designing and Delivering **Over 10 million Square Feet of Formwork Solutions**. This Achievement Reflects the Company's Dedication to Precision Engineering,

Innovative Thinking, and Unwavering Commitment to Customer Satisfaction. The Company's Manufacturing Excellence Is Supported by **An Installed Annual Production Capacity of 5.4 million Square Feet, at Hyderabad, Telangana State** Enabling It to Meet the Growing Demands Across the Country. With Its **Head Office in Hyderabad** and Regional Offices in **Bengaluru, Pune and Mumbai**, IFORM Has Built a Strong Nationwide Presence That Ensures Timely Execution, Seamless Coordination, and Responsive Customer Support.

IFORM has achieved a milestone of completion of 25 Towers for Height Greater than 150 meters at Hyderabad Region.

The Company Continuously Adopts Advanced Engineering Practices and Modern Manufacturing Technologies, Paving way for Innovation. Every Solution Is Designed with A Clear Focus on Quality, Safety, Sustainability, And Ease of Execution.

Behind Every Successful Project Is a Passionate Team of Engineers, Designers, and Professionals Who Work Together with A Shared Commitment to Excellence. Their Collaborative Approach,

Technical Expertise and Customer-First Mindset Have Enabled IFORM To Earn the Trust of Leading Developers and Contractors Across India.

As India Moves Toward a Future Shaped by Rapid Urbanization and World-Class Infrastructure, IFORM Remains Committed to Being a Trusted Partner in This Remarkable Journey. The Company Continues to Invest in Technology, Manufacturing Capabilities, And People to Deliver Innovative Solutions That Meet the Evolving Needs of The Construction Industry.

At IFORM, Every Structure Begins with A Strong Foundation of Innovation, Quality, And Trust. More Than Just Manufacturing Formwork Systems, The Company Is Helping Build Skylines, Strengthen Communities, And Contribute to A Self-Reliant India. With Every Project Delivered, IFORM Reinforces Its Promise of Engineering Excellence and Its Vision of Creating Lasting Value for Customers, Partners, And the Nation.

IFORM – Engineered for Strength, Built for Progress.
