I-FORM ALUMINIUM & DESIGN LLP:
TRANSFORMING CONSTRUCTION WITH
NEXT-GENERATION ALUMINIUM
FORMWORK

In the modern construction landscape, where speed, precision, and sustainability define success, I-FORM Aluminium & Design LLP has emerged as one of India’s leading innovators in Aluminium Formwork technology. Established in 2021, I-FORM has quickly become the go-to partner for High-Rise, Residential, Commercial and Infrastructure projects, delivering solutions that combine engineering excellence with cutting-edge design.

ABOUT I-FORM

Founded by **Mallesh Vanga** and **Venkatesh Kandikatti**, I-FORM Aluminium & Design LLP was born from a vision to deliver High-Quality, Durable Formwork System made in India. With the establishment of a 7.23-acre state-of-the-art factory in Hyderabad and the distinction of being the first company in South India to introduce Friction Stir Welding, I-FORM has positioned itself at the forefront for executing complex designs.

With 150+ customers and over 400 successful projects, the company has built a strong reputation for Reliability, Performance, And Customer-Centric Solutions.

ADVANCED ALUMINIUM FORMWORK
TECHNOLOGY

I-FORM’s Formwork consists of Pre-Engineered Aluminium Panels Tailored to Architectural Designs, Enabling Monolithic Casting of Walls, Slabs, Columns, Staircases, Balconies, And Decorative Features.

Each set of I-FORM equipment can be reused up to 120 times, making it one of the most cost-effective and eco-friendly solutions available.

Unlike conventional shuttering, which takes 15-20 days per Floor, I-FORM’s Technology enables construction at a remarkable 6-7 days per floor, delivering massive savings in time and cost with uncompromised quality.

THE I-FORM ADVANTAGE

- Speed & Efficiency – 6 days per floor construction cycle.
- High Reusability – Up to 120 repetitions with minimal maintenance.
- Superior Finish – Crack-free, Monolithic structures that eliminate the need for plastering.
- Safety First – Product designed to ensure comprehensive workplace safety.

I-FORM vs CONVENTIONAL FORMWORK	
I-FORM	CONVENTIONAL FORMWORK
 COST Cost-Effective	COST Higher
 SPEED 6-7 Days per Floor	SPEED 15-20 Days per Floor
 QUALITY High	QUALITY Variable
 REUSABILITY Up to 120 Cycles	REUSABILITY Limited

Head Office – Hyderabad, Telangana.

Regional Offices – Mumbai / Pune / Bengaluru

- Eco-Friendly – Sustainable, recyclable aluminium with low carbon footprint.
- Cost Savings – Proven to increase developer profits by 10–30% on projects.
- Independence from Skilled Trades – Reduces dependency on carpenters, masons, and plasterers.
- No Heavy Cranes Required – Lightweight panels enable faster, easier handling.

MANUFACTURING EXCELLENCE AND QUALITY CONTROL

I-FORM takes pride in its home-grown manufacturing. Using Friction Stir Welding and Robotic MIG Welding, the company ensures superior strength and durability in every panel.

Each product undergoes In-House Testing of Raw Materials, followed by a 4-Step Quality Check and Barcode Tracking before delivery, ensuring reliability and a long service life on-site.

PRESTIGIOUS PROJECTS ACROSS INDIA

I-FORM has partnered with India's most renowned developers and architects to deliver iconic projects, including:

- Meenakshi Elan, Hyderabad – 3 towers (LLRS Design), 47 floors, floor height 3.75 m
- MyScape YOO, Hyderabad – Tallest branded residences (Yoo-London)
- Candeur Lakescape, Hyderabad – 7 towers, 47 floors, floor height 3.6 m
- Raunak Maximum City, Mumbai – 7 towers, 32 floors
- LODHA Projects, Mumbai & Bengaluru
- TVS Emerald Projects – TVS Jardin, TVS Elements, TVS Luxor, TVS Isle of Trees

AWARDS & RECOGNITION

I-FORM has been recognized as the:

- 🏆 *Best Aluminium Formwork Design and Supply Company in South India 2023-24*
- 🏆 *Best Innovation Company of the Year 2023-24*

These accolades underline I-Form's commitment to Innovation, Quality and Customer Satisfaction.

BUILDING THE FUTURE OF CONSTRUCTION

With regional offices in Hyderabad, Mumbai, Pune, and Bengaluru, and projects spread across 9 States – Telangana, Andhra Pradesh, West Bengal, NCR, Gujarat, Maharashtra, Karnataka, Tamil Nadu and Kerala, I-FORM is steadily expanding its presence across India.

By combining Sustainability, Cutting-Edge Technology, And Precision Engineering, I-FORM Aluminium & Design LLP is pioneering the future of Formwork in India.
