

DAKOTA PRAIRIE LODGE & RESORT

PRAIRIE NEWS

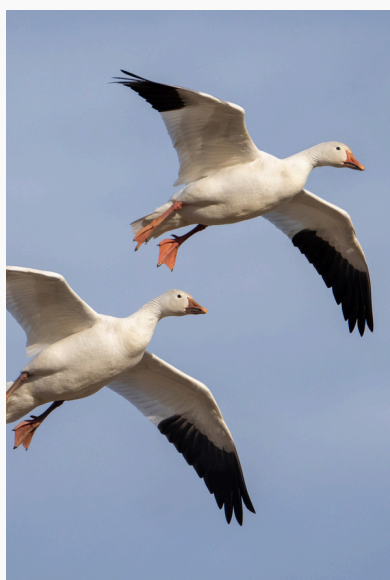

IMPORTANT REMINDER: BOOK YOUR WALLEYE FISHING TRIP TODAY

At Dakota Prairie Lodge & Resort, we are fortunate enough to offer a premier location just a short drive from the cool waters of the Missouri River. Nicknamed the "Big Muddy," the Missouri is the longest river in the United States and is a hotspot for world-class fishing opportunities. Our local guides know all the best spots to reel in impressive walleye, some of the most popular game fish.

If you have fished with us before, then you know the joy of a great catch on the rambling Missouri. If not, it's time to change that! Make sure to **book your fishing trip with us ASAP**, as dates for summer 2025 are filling up fast!

DON'T MISS SNOW GOOSE HUNTING THIS SPRING!

There's nothing quite like [snow goose hunting](#) in the great state of South Dakota! We have added this new offering to our roster for 2025 and are running snow goose hunts from Feb. 19 through Apr. 19 this year. Taking down wily, white snow geese is the unique bird hunting experience where you won't need to worry about daily bird limits. That's right – you can shoot **unlimited birds** when you stay with us at the Lodge! Our prime location in Brule County, SD is situated right on a key flyway.

Plus, this year we are offering an introductory discount: Save \$100 per person per day when you book a snow goose hunt for 2025! There's still time to enjoy this memorable adventure, so call us today to reserve your spot!

COMING SOON... EXPLORE OUR GIFT SHOP ONLINE

Have you ever stayed with us at the Lodge, checked out our on-site gift shop, and spotted something you loved? But then, distracted by the glory of sharing an incredible hunt with friends and family and full of prime rib and warm apple pie, you completely forgot to stop back around and pick up the gift you were meaning to grab. It happens all the time! Luckily for you, we have some good news: We are bringing our gift shop online! This March, we will be cataloging all of the high-quality products that we sell at the Lodge and listing them on our website. A gift from the Lodge is a great way to commemorate a special trip.

So what's available in the store? We sell a variety of top-tier goods, such as Lodge apparel (caps, shooting shirts, t-shirts, etc.), taxidermy mounts, Black Hills gold, jewelry, accessories, water bottles, coolers, art, and much more. Whether you are shopping for yourself or looking for a gift for one of the hunters in your life, the Lodge gift shop has it all. We'll be online this March.

IT'S A PUPPY PALOOZA AT THE LODGE

The biggest news at the Lodge this month? Our sweet hunting dog Molly is pregnant! She is going to have her puppies in the middle of March, probably around St. Patrick's Day. Molly is an AKC-registered black Labrador Retriever who loves to hunt – and she's amazing at it! If you have hunted with us before, you have probably seen Molly enjoying her favorite activity out in the field. She is great for pheasant as well as duck hunting, and she is an excellent swimmer. We're always impressed with her skills in the water. Molly is a friendly, lovable member of our Lodge family, and she is sure to put a smile on your face with her wagging tail!

BLACK LAB PUPPIES AVAILABLE IN MARCH!

Our soon-to-be mom is looking healthy and strong, and she has gained about 20 pounds so far during her pregnancy. While she can't jump into the pickup anymore, she is still happy to run around the fields and loves spending time outdoors. We bet her puppies will be great hunters, too!

We are excited to share that we are going to be selling some of Molly's puppies. They will be ready to go home to their new families at the end of May. While we don't yet know the genders of the puppies or how many there will be, we are pricing them at \$1,500 for females and \$1,200 for males. These adorable black lab puppies will come with all of their puppy shots through eight weeks and full AKC registration. They're also entering the world at the perfect time for anyone who is looking for a talented hunting dog. With Molly's top-notch pedigree and proven hunting abilities, her puppies are sure to be showstoppers in the field. They will be seven months old come pheasant season in October, so they will be just about ready to start their hunting careers and begin practicing the fields. By December, when they are nine months old, they should be able to hunt in earnest. If you are looking for your next canine best friend, put your name in for one of Molly's puppies today. Give Toni a call!

THERE'S NO SUCH THING AS TOO MANY PUPPIES...

While Molly has puppies on the way, Toni's son Alex couldn't wait to get his new red lab puppy, Ember. We picked up Ember from her parents in the Mitchell area this week, and she has already proven to be snuggly, sweet, and as cute as can be! One of our guides also bought Ember's brother, Copper. If you are in the market for a charming red Labrador Retriever puppy, one of Ember's sisters is still available. Give Toni a call if you are interested, and we can put you in touch with the right people. You'll never go wrong with a lab as a hunting dog and a family dog, too!

PRAIRIE PUZZLE

February Question: Which dog breed was bred in Africa to assist in hunting big game, including lions?

- a) Labrador Retriever
- b) Afghan Hound
- c) Cane Corso
- d) Rhodesian Ridgeback

Submit your answer by March 10, 2025, for a chance to win! Answers will be accepted via email, phone, or mail. Correct answers will be entered into the prize drawing to receive a FREE Dakota Prairie Lodge & Resort hat.
