

Beginner Wheel Curriculum

2024, Session 2 (April 8 - June 2)

Welcome to **Looking Glass Pottery Studio!** Whether this is your first time here, or you've been here before, we are happy to have you join us. This is a **Beginner Wheelthrowing Class**, meaning you do not need to have any experience on the wheel. The class is 8 weeks long and includes 8 lessons with your instructor, plus open studio time. Each week you'll learn something new, until it's time to wrap up your pieces! Happy throwing!

Week	Agenda
1	Learn basic wheelthrowing techniques & how to throw a cylinder Practice throwing
2	Learn how to trim & trim your cylinder(s) Learn how to make a mug (make and add handles) Continue practicing throwing
3	Learn how to throw berry bowls
4	Trim your berry bowl and attach the handle Learn how to throw spoonrests Continue practicing throwing
5	Learn about Glazes and how to apply them to your pieces Open throwing day - throw what you like by building on skills you've learned.
6	Learn how to throw a planter with carved foot ring
7	Today is the last wet clay day! Trim all remaining pieces & make sure they are on the shelf.
8	Finish glazing End of class party

Be sure to follow all instructor guidance during your class, both for safety and the best throwing experience.

What is Open Studio?

The studio has "Open Studio" hours for you to attend to continue working on your pieces, outside of your regular class time. Equipment is available on a first-come, first served basis, however we ask that if there is a queue, you limit your time on a wheel/using equipment to 1 hour.

- Tuesdays: 12noon - 4pm
- Wednesdays: 5pm - 9pm
- Saturdays: 12:30pm - 4pm (*the Saturday class ends at Noon; it is OK to show up a little early*)

We look forward to seeing what you create! ♥ Dani & Nica
