Street/VA Nate Light

Zoning Daniel Jenkins

Visitors: Estee Miller from Maumee Valley Planning

This was Public Hearing number 2 for the grant the village will be applying for. Estee Miller from Maumee Valley Planning presented the results from the village wide survey with 84 responses being received. Council members questioned the survey and the results of the survey with Ms. Miller explaining the next steps for the village in this application. Ms. Miller presented project list possibilities and would like specifics from council, specific streets, specific storm sewers and so on. Council provided several examples of project needs. The mayor asked council again to assemble committees to make recommendations to council. Ms. Miller advised council of the allocation year for the Neighborhood Revitalization Grant from Henry County is 2024, meaning grant applications for that particular grant will not be available until then. Ms. Miller recommended council have projects ready with the survey results and project detail, including the project cost estimates to the village's engineer asap so the engineer can get moving on the 2023 grants that the village is qualified to receive. It is very important that council follow up on those projects and work very close with the Village engineers. This public hearing concluded at 7:40PM.
