WOODWORKING STUDIO

Philosophy

We create one-of-a-kind furniture from some of the rarest timbers on Earth. Each piece begins with the timber itself—its history, grain, and natural character guiding every design decision.

Built in New Zealand and intended to endure for generations, our work is made for homes, lodges, wineries, galleries and executive spaces where craftsmanship matters.

ANCIENT TIMBER.
CONTEMPORARY DESIGN.

THE ANCIENT KAURI COLLECTION

ANCIENT SWAMP KAURI

50,000 YEARS IN
THE MAKING

Buried deep in ancient swamps for fifty millennia, swamp kauri is one of New Zealand's most extraordinary natural treasures. Each log is a singular piece of history—shaped by time, water and earth. We honour that history by crafting timeless, one-of-a-kind furniture that will last for generations to come.

Statement Dining Tables

GATHER AROUND
SOMETHING
EXTRAORDINARY.

Our dining tables are more than furniture — they are the heart of your home. Crafted from rare and character-filled timber, each piece is designed to bring people together and be part of life's most important moments for generations to come.

RARE TIMBERS

Sourced from ancient forests and select New Zealand timbers.

HANDCRAFTED

Meticulously crafted in our Mangawhai studio by skilled craftsmen.

BUILT TO LAST

Finished to endure daily life while developing a richer character over time.

Natural Centrepiece

DESIGNED TO GROUND
YOUR SPACE AND
SPARK CONVERSATION.

Our coffee tables celebrate the raw beauty of natural timber. Each piece is crafted to highlight the unique grain, edges and imperfections that make it truly one-of-a-kind — a timeless centrepiece for everyday living and memorable moments.

UNIQUE BY NATURE

Every slab tells a story through its grain, texture and live edge character.

CRAFTED FOR LIFE

Built with care and precision to be enjoyed for generations to come.

MADE FOR LIVING

Functional, beautiful and made to enhance the spaces where life happens.
